

KIWANIS CLUB OBESRVES 7TH ANNIVERSARY

The observance of the seventh anniversary of the Kiwanis Club was highlighted Wednesday evening in the VFW Post by an address by the lieutenant governor of District 13, of which Gettysburg is a part; awarding of membership pins and entertainment.

Carlos Bodwell, of Harrisburg, told the 80 persons who attended, that "freedom is your responsibility. If we are to have human freedom, we must have leadership and this leadership is represented in the community by Kiwanians."

Bodwell said the five qualities necessary for leadership are "knowledge, imagination, intelligence, initiative and hard work. People are always full of information, but lack the necessary knowledge to solve problems. The leaders are those who get the facts," he added.

Regarding intelligence, Bodwell told the group that "people may be impressed by snap judgments and quick decisions, but the best leadership comes from the man who is neither depressed by his problems nor menaced by inductive visions."

PRESENT PINS

"The number of people who have the facts and knowledge, but do nothing about it, lack the ambition, impulse and initiative to get the job started. Hard work, however, is that which kills many men when the challenge of leadership is presented to them. Kiwanis must be persistent and have the courage to get the job done," he added.

President Roy Thomas presented a one-year membership pin to membership and attendance committee chairman John Kershaw, who in turn presented the following perfect attendance pins: Five years, Clyde Markle; four years, Wayne Cluck; two years, Robert McCoy and Donald Weaver.

Charter members introduced were: Clyde Markle, S. A. Burton, Robert McCoy, Dr. George Wolfe, William Ditzler and Roy Thomas. Ernest Krape, another charter member, was absent.

BIGLER PTA TO MEET MONDAY

The Biglerville High School PTA will meet Monday evening in the school library. The program will include a discussion of the high school curriculum. The discussion leader will be C. L. Yost, school principal. The school's guidance counselors, Donald Sterner and Mrs. Ellen Elliott, will make brief presentations of the curriculum details. The subject will then be open for questions and general discussion. The program has been planned by a committee comprising Mrs. Herbert Bishop, chairman, Mrs. Clarence Seemann, John White and Donald Horst.

A brief explanation of the proposed constitution will be given by Marvin Fox, constitution committee chairman. Other members of the committee are Mrs. J. Willis Beidler, Mrs. Mary Ryman and Donald Sterner.

Monday evening's meeting will be in charge of John Rudy, PTA president.

COMMITTEE TO MEET

The executive committee of the Adams County Agricultural Extension Association will meet Tuesday evening at 7:30 o'clock at the West St. Branch Bank, County Agent Frank Zettle has announced.

Deadlock At Geneva Is Arousing Small Nations Who Threatened Revolt

By JOHN M. HIGHTOWER
GENEVA (AP) — Frustrated small nations revolted briefly today against the big power stalemate at the Geneva disarmament conference and served notice they intend to take a hand in trying to break the deadlock.

However, the deadlock deepened because the United States, Britain and the Soviet Union failed completely to find any basis on which they could agree to negotiate for a nuclear weapons test ban treaty.

There was a two-hour and 40-minute meeting of delegations of the three atomic powers this afternoon to discuss a test ban.

Sir Michael Wright of Britain then told reporters, "We shall report (to the 17-nation conference) that we have reached no agreement."

REACH STALEMATE

Soviet Delegate Semyon Tsarapkin said: "We have reached a complete stalemate. We have found it impossible to agree."

Danfelt To Direct County Band Fete

Douglas Danfelt, assistant professor in the Gettysburg College Music Department, will be the guest conductor for the Franklin-Fulton County Band Festival on Friday at St. Thomas, Pa.

A graduate of the Eastman School of Music and Columbia University, Danfelt played clarinet in the bands and orchestras of these institutions and in other musical organizations.

After having directed both public school and adult bands, Danfelt came to Gettysburg in 1955 as director of instrumental music.

"GARRY CARR" FUND IS SET UP FOR COAST TRIP

Because of the response so far to the fund to aid a local boy suffering from leukemia achieve his desire to visit Disneyland, the committee in charge from the Gettysburg Association of Clubs today announced a special committee which will tabulate the fund and make the audit of it when it is completed. The total donated thus far is \$243.51, which includes \$60 from the Rotary Club.

Included in the group are Irvin Seilhamer, 100 Buford Ave., the treasurer, to whom contributions should be sent. Others on the committee, some of whom will "keep the books" for the fund and others audit the final report, are J. Herbert Weikert, representing the Lions; Eugene B. Miller, representing the Veterans of Foreign Wars; and G. Noel Flynn, representing the Elks. Seilhamer represents the Moose.

Seilhamer has opened a Garry Carr fund at the First National Bank of Gettysburg in which the money will be placed. Checks may be made payable to the Garry Carr Fund.

A number of donations have been received so far and so many individuals have called for information to be taken before their organizations for donations that the committee decided not to send out letters and thus involve an additional expense. The committee is asking donations "as quickly as possible" to permit 14-year-old Garry Carr to be sent with his parents, if possible, or with his mother alone if funds are insufficient for both parents, to the west coast for the trip to Disneyland.

Driver Jailed On Firearms Charge

Jack Adams, 35, Gettysburg R. 1, was arrested by state police Wednesday night about 10:40 o'clock and placed in the county jail on a firearms law violation charge brought before Justice of the Peace Robert P. Snyder. State police said they stopped Adams' car on a routine check and found in the glove compartment of the car a gun for which he had no license.

Later this morning Adams was taken before Justice of the Peace Snyder. He waived a hearing and furnished \$500 bail for his appearance in court.

FILES \$239 CLAIM

A claim for \$239 for auto repairs is made in a suit filed in York common pleas court Wednesday by Lloyd Diller, Lewisberry R. 1, against John Bosserman, York Springs R. 1, the result of an automobile accident in Dillsburg last January 29.

EXPLORERS PLAN HIKE

James Adair was elected a cabinet representative Wednesday evening at a meeting of Explorer Post 78 at Xavier Hall. Adair is scheduled to represent the post at a national Explorer conference this summer. Six members of the post signed to attend the national camp to be held at Norfolk this summer. Plans were made for a hike along the Appalachian Trail in South Mountains Sunday afternoon, leaving here at noon.

REPORT GOOD RESPONSE TO R. C. CAMPAIGN

The largest corps of solicitors for the Adams County Red Cross to canvass county communities and rural areas in many years began work Monday and Dr. Harry F. Baughman, fund campaign chairman, said first scattered reports indicate a "good response."

The Red Cross goal for Adams County areas outside the territory covered by the Gettysburg Community Chest is \$8,500.

Dr. Baughman said area captains and district leaders have asked their solicitors for progress reports by this weekend.

"Except for the funds the chapter receives through the Gettysburg Community Chest the gifts gathered through this county campaign are the only funds with which the chapter can carry on its program of local community services throughout the year and contribute to the disaster relief and other worldwide work of the Red Cross," Dr. Baughman said.

LOCAL SERVICES CITED

He pointed out to the home service work carried on by local chapter representatives for the benefit chiefly of servicemen and their families here; the direct service to men and women in the armed forces; the first aid and water safety programs carried on in the county each year; the nurses' aide corps and its assistance to many types of community activities; the motor corps service provided by Red Cross volunteers; camp and hospital services to men in the armed forces and the holiday gifts provided by the Red Cross and the many services provided by the Junior Red Cross.

A part of the funds raised in the county drive go to national Red Cross for its disaster relief work, its blood service, its first aid and water safety training programs and the widespread services of 2,000,000 volunteer workers in 3,600 local chapters.

Dr. Baughman this morning listed additional captains and solicitors reported to him for the Lattimore-Huntington district: Mrs. Gretta Speck, York Springs R. 1; Mrs. Herbert Ebersole, Dillsburg R. 2; Charles Grube, Patricia Green, Thomas Wolf, Thomas Hardy, Donald Fair and Joann Shaffer, all of York Springs.

PAIR PLEADS "NOT GUILTY"

Theoria Jackson, 36, Washington, D. C., charged with shoplifting in connection with the removal of three suits from the Hershey's Men's Shop Monday afternoon, Wednesday was released from the county jail on \$3,000 bail to appear for court.

She and Ernest Moore, 32, Washington, D. C., were arrested on the larceny charge Monday shortly after they left the shop where the proprietor, Donald Hershey and clerks "sprang a trap" on the couple. A clerk left the store to call police while the couple were in the store. Miss Jackson was given an opportunity to be alone in the front of the store for a period of time. When the couple left they were apprehended by police and Miss Jackson handed police three suits that had been hidden under her skirt.

At the hearing before Justice of the Peace Robert Snyder Tuesday the couple entered pleas of innocent to the shoplifting charges.

The court was asked to set bail and set it at \$3,000 for each of the defendants. This morning a professional bondsman from McSherrystown posted \$3,000 bail for Miss Jackson. Moore remained in the jail.

HEINTZELMAN RITES Friday Afternoon

Funeral services for Harry Martin Heintzelman, 93, Gettysburg R. 1, who died Tuesday evening in the Warner Hospital, will be held Friday afternoon at 2 o'clock at the Wilson Funeral Home, Fairfield with the Rev. Charles Held officiating. Interment will be in the Fairfield Union Cemetery. Friends may call this evening after 7 o'clock at the funeral home in Fairfield.

TO CONFIRM 163

One hundred sixty-three young men and women will receive the sacrament of confirmation this evening at 7 o'clock at St. Francis Xavier Catholic Church. The Rev. George L. Leech, bishop of Harrisburg, is to administer the sacrament.

MARK ANNIVERSARY

Mr. and Mrs. Harold Wentz, 121 Baltimore St., are observing their 30th wedding anniversary today.

Mink Coat And Dimes Stolen

State police today continued their search for the burglar or burglars who ransacked the home of Dr. and Mrs. Ray K. Drum, Old Mill Rd., Gettysburg R. 2, and stole \$125 in dimes, and a mink coat.

"According to the police, the intruders entered the one-story home in Cumberland Twp. through an unlocked front door between 10:30 a.m. and 5 p.m."

"When Mrs. Drum arrived home at 5 o'clock, police said she found someone had ransacked the house, going into every room, pulling open drawers and in some instances upsetting things in the search."

A check showed the only things apparently missing were a three-quarter-length mink coat taken from the entrance hall closet and \$125 in dimes, in paper wrappings, removed from the dining room of the house.

DELONE HIGH TOPS COUNTY IN MATH TEST

Students at Delone Catholic High School again turned in the highest team score of any competing Adams County high school in the annual high school mathematics contest conducted earlier this month under the sponsorship of the Mathematical Association of America and the Society of Actuaries.

The Delone team ranked third among the high schools of Adams and Cumberland Counties who entered students in the contest. The top score for the two-county area was made by the team from Cedar Cliff High School and Carlisle High ranked second. Camp Hill was fourth and Gettysburg High School fifth.

Other county schools that competed included Upper Adams, New Oxford, Fairfield and Bermudian.

Individuals from Adams County among the top 20 individual scorers in the two-county area included: Gregory Smith, Delone High; Harold Lillich, New Oxford; Donald Storm and Richard Hemler, both of Delone High; Maren Peterson and Barclay Collins of Gettysburg High; John Shepard, Upper Adams, and Janet White, Gettysburg.

Results of the contest were announced by Dr. M. S. Moorhead of the Gettysburg College faculty under whose supervision the contest was conducted.

FRONDIZI MAY LOSE HIS PRESIDENCY; PERONISTS THREATENING VIOLENCE

By FRANK N. MANITZAS
BUENOS AIRES Argentina (AP)—President Arturo Frondizi struggled today to put together a coalition government to deal with a nationwide strike threatened by supporters of ex-dictator Juan D. Peron.

The nation's military officers were divided over whether Frondizi should remain in office. Peronists threatened violence.

Frondizi found little immediate support from the politicians to help him combat rising Peronist opposition. Leading anti-Peronist politicians harshly rejected his first attempts to bring them into a "coalition cabinet of national unity" imposed on him by the military.

CALL GENERAL STRIKE

Leaders of 62 pro-Peron labor unions called a general strike of nearly two million workers for Friday and warned that the nationwide walkout would continue until Frondizi rescinded his decree wiping out the Peronist vic-

100 EXPECTED AT MEETING OF MOOSE WOMEN

More than 100 members of the Women of the Moose, from five area chapters, are expected to attend a "Moosehaven Day" program to be held Sunday afternoon at 1:30 o'clock at the Moose Home, 23 York St.

Senior Regent Jean Keller, McKnightstown, will be the conference leader for the Chambersburg, Hanover, McSherrystown, Waynesboro and Gettysburg chapters. Mrs. Rosetta Johnson will be registration chairman.

Theme of the conference will be "Moosehaven 40th Anniversary" and various speakers will give details of the home built in Florida for elderly members of the Moose and their wives.

ENROLL NEW MEMBERS

Mrs. Kathryn Davies, past senior regent, will give the address of welcome and Yvonne Nelson, Hanover, will give the response.

A number of new members of the five chapters are scheduled to be enrolled during the afternoon program.

Mrs. Marcella Harpster, of the local chapter, will speak on "Moosehaven, City of Contentment." Ruth Pogue, of Chambersburg, will give details of Moosehaven activities and Pearl Shindler, of the Waynesboro chapter, will speak on the Moosehaven seawall, a project currently underway in which a seawall is being built to protect the Moosehaven area.

Contributions will be received from the various chapters toward the construction of the wall.

The Hanover Chapter will be in charge of a collection for the Mooseheart endowment fund and the closing service will be conducted by the Waynesboro chapter.

MARK ANNIVERSARY

Mr. and Mrs. Harold Wentz, 121 Baltimore St., are observing their 30th wedding anniversary today.

TO REGISTER BEGINNERS HERE APR. 3

All children who are planning to start to school in the Gettysburg Joint School system next September will be registered Tuesday, April 3.

The registration will be held at the Keefeauver Elementary School from 9 to 11:30 a.m.; 1 to 3 p.m. and 6:30 to 8:30 p.m. Parents must bring the child along, and the child's birth certificate.

If the child has been vaccinated, the certificate of successful vaccination will be needed. The child must be six years of age before February 1, 1963, to be registered. The compulsory attendance age is eight to 17.

As part of the registration, the children will be given a visual screening test. This test will be conducted by teams from the local American Association of University Women. These members were trained by Miss Betsy Shank, prevention consultant, from the Pennsylvania Association for the Blind. This test is available to all children four years and above even though they do not start to school this year. Parents are urged to bring these younger children for the visual test also.

The First Grade teachers will help with the registration. Consequently, the First Grade students will not have school that day.

TO SPEAK MONDAY

Donald Flaherty of the faculty of Dickinson College, a former U. S. State Department official, will speak on "Modern India and China" Monday evening at 8 o'clock in the Student Union Building on the Gettysburg College campus under sponsorship of Chi Omega Sorority. The public is invited.

OFFICERS OF VFW AUXILIARY ARE ELECTED

Mrs. Pauline Mumper was elected president of the VFW Auxiliary at a meeting Wednesday evening at the home of Mrs. Frances Mumper. Others elected were: Senior vice president, Mrs. Catherine Moser; junior vice president, Mrs. Irene Crouse; treasurer, Miss Beulah Flinn; chaplain, Mrs. Lauver; conductress, Mrs. Beulah Flinn; guard, Mrs. Mary Fridinger; trustee, Mrs. Frances Mumper; delegates to 21st District meetings, Miss Fumery, Mrs. Fridinger, Mrs. Frances Mumper, Evelyn Fair, Mrs. Crouse and Mrs. Erma Keefer; alternates, Mrs. Flinn, Mrs. Lauver, Pearl Keckler, Helen Rebert, Mrs. Moser, Mildred Houck.

ENROLL 2 MEMBERS

Mrs. Grace Raffensperger and Mrs. Treva Byers were accepted into membership. New members will be initiated March 6.

The 21st District of VFW will hold its membership banquet at the home April 1 to which most members and the auxiliary are invited. Reservations are to be made with Mrs. Virginia Lauver before March 26.

A poem "Top of the Morning" was read by Ruth M. Miller. Refreshments were served by Mrs. Mumper and Evelyn Fair at tables decorated in the St. Patrick's Day theme.

Sixteen members attended the meeting.

BAND TO PLAY SIX CONCERTS

The Gettysburg College Concert Band will play six concerts on its third annual spring tour March 28-30.

The band is composed of 44 men and women students, under the direction of Prof. Douglas Danfelt. Its repertoire includes "The Cumberland Gap Overture" which won the 1961 Ostwald Award for the best composition submitted to the American Bandmasters Association and the Ballet Music from Gounod's "Faust."

Performances are scheduled at the following schools: March 28, Harrisburg, Susquehanna Township Junior High School in the morning; Central Dauphin East High School in the afternoon.

March 29, Philadelphia, Frankford Senior High School in the morning; Girard College in the afternoon.

March 30, Phoenixville High School, Phoenixville, in the morning and Collegeville Trappe High School, Trappe, in the afternoon.

The band will present a concert March 31 at 8 p.m. in the Student Union auditorium at Gettysburg College.

EXTRA LIBRARY HOURS AT GHS

Starting next Tuesday, the library at the Gettysburg High School will be open for extra hours to give students more opportunity to use its services, according to an announcement today by Superintendent of Schools H. Edgar Riegle.

On Tuesday the library will remain open after school until 5:30 p.m. with Miss Mary Quigley in charge and on Thursday evenings it will be open from 7 to 8:30 o'clock with Miss Susan K. Wentz in charge.

MRS. W. M. LOTT NAMED HEAD OF AAUW CHAPTER

Mrs. W. M. Lott, Gardner, R. 1, was elected president of the American Association of University Women at a meeting in Christ Lutheran Church Wednesday evening. Mrs. Gerald K. Doo, 560 Hillcrest Place, was elected treasurer and Mrs. M. K. Eckert, Springs Ave., corresponding secretary. The following four delegates were elected to the spring conference at Allentown April 27 and 28: Mrs. Raymond Sheely, Mrs. Lott, Mrs. A. W. Butterfield, and Mrs. Donald Wickham. Two additional delegates will be appointed by the new president.

Mrs. Raymond F. Sheely presided, with approximately 60 women and guests in attendance. Miss Mary Shaffer, chairman of international relations, reported on the topics selected by her department.

PLAN EVENING PARTY

It was announced that instead of the annual tea for senior girls at Gettysburg College an evening dorm party will be given for them.

The group decided to enter a table in the Table Fashions Tea being conducted soon by the Episcopal Churchwomen at the country club.

Mrs. Butterfield, program chairman, introduced Billie Heffner, Williamsport, Md., who since 1954 has been active with the Totem Pole Players at Caledonia and who for the past 25 years has taught music in the schools of Mercersburg and Williamsport. She did a series of monologues in costume: "Aunt Effie on a Country Porch," a take-off on a beatnik, a TV mix-up. In several of the skits she was accompanied on the piano by Paul Davis, a Peabody graduate, who has just returned from a year in Germany where he studied organ. Her last selection was a take-off on Mitch Miller's program, with the audience joining in the singing. As an encore she used Ogden Nash's "Wednesday Matinee." She was well received by her audience.

Coffee was served after the meeting by Mrs. James B. Myers and her committee.

LICENSED TO WED

The following have secured marriage licenses in Westminster: Earl McFarland Bailey Jr. and Grace Eugenia Tydings, Littlestown; Donald Guy Miller, Biglerville R. 1, and Judy Ann Lenig, York Springs R. 2; Larry D. Goebrecht and Vonnie M. Shelleman, Hampton.

Algiers Is Practically Paralyzed By Strike Of Europe Workers Today

ALGIERS (AP) — A general strike by European workers demonstrating their resistance to Algerian independence shut down practically all activity in Algiers today.

Railroad service, plane traffic and city transportation halted. Water, gas and electric supplies were cut. Garages and filling stations refused to sell gasoline. Shops closed at noon when the order for the strike was issued. No time limit was set on the walkout.

Employees at the air terminal grounded traffic by demanding that passengers produce passes from the European Secret Army Organization, which is fighting to keep Algeria French.

PROTEST ARREST

Labor unions gave the strike order in protest against the arrest Wednesday night of the secretary general of the Railway Union Federation. But the movement appeared to be part of the secret army campaign to paralyze economic activity.

Business conditions were just beginning to return to normal after a one-day general strike Monday protesting the cease-fire between the French army and the Algerian nationalists, which went into effect that day.

FIRE ON PATROLS

Throughout Wednesday night Europeans fired from balconies and windows on French army patrols cruising Algiers' deserted streets. Terrorist attacks accounted for two Moslems dead and four wounded.

In contrast with the bloodshed between Europeans there was calm throughout Algeria between French army forces and the Algerian nationalists. French headquarters said leaders of the National Liberation Front in a number of areas had offered their cooperation.

SOVIETS SHARE DATA ON TITOV

WASHINGTON (AP)—The head of the National Aeronautics Association reports the Soviet Union last week reluctantly submitted new data on cosmonaut Gherman Titov's 17 orbits around the earth.

NAA President Martin M. Decker of Philadelphia said the new information, added to earlier data supplied on Yuri Gagarin's one orbital flight, indicate the two spacecraft were launched from different sites about 200 miles apart and landed in different parts of the Soviet Union.

The information, he said, also indicated the Russians used the same type of capsule for both flights.

The new data was submitted to a meeting of the Federation Aeronautique Internationale in Paris last week.

Decker, just returned from the Paris meeting, told a news conference Wednesday the information included Titov's flight plan, details of instrumentation in the spacecraft and on the ground, and photographs.

See Higher Taxes In Hamiltonban
The Hamiltonban Twp. School Board Monday evening took a look at the forthcoming budget and found there will be considerable increase in the amount the township will have to pay to meet its share of the costs in the Fairfield Joint School System this year.

President George Myers presided at the meeting held in the Fairfield Joint School before and after a meeting of the Fairfield Jointure Board. All five members of the township board attended the session at which the group studied the effects mandated teachers' salary increases, appointment of an additional high school teacher, cost of construction to the addition to the jointure school and requests for additional clerical help and increases for nonteaching employees will have on the budget.

With the report showing a probable need for increasing taxation, the board took no action pending adoption of the final budget and the joint board and final determination of the share that will be provided by the township.

FOUR FACE TAX EVASION COUNT
PHILADELPHIA (AP)—Edward S. Manuszak, 55, a former Internal Revenue Service officer here, and three other men face trial on charges of income tax evasion after being indicted by a federal grand jury.

The grand jury returned the indictments Wednesday against Manuszak; Grant Sparks, 53, of Philadelphia; Paul R. Muse, 48, of Allentown; and Cloyd T. Baldwin, 52, of West Chester.

Manuszak was accused of evading \$5,037 in income taxes from 1956 through 1959, after he had left the federal service.

Sparks, an executive engineer and industrial consultant, was indicted for evasion of \$24,342 in income taxes for the years 1956 through 1959.

Baldwin, a partner in the Goshen Inn near West Chester and also a general contractor, was accused of evading \$7,109 in income taxes for the years 1956 through 1960.

RADIOLOGICAL CLASS IN APRIL

A radiological training course which will cover 13 lessons in six weeks with a two-hour class period each week will be held in Gettysburg next month, according to an announcement by Harry M. Fasick, York Springs, chief of radiological services for the county C-D organization.

The course will consist of basic and general information on radiation, fallout, weather maps and instrument reading. Instrument reading instruction to be given in the course will entitle the operator to handle such radiation detection instruments as the Geiger counter, survey meters and dosimeters.

At the end of the six-week period, all who have completed the training will be enrolled in the county Civil Defense organization, Mr. Fasick said.

He said that members of the Amateur Radio club are going to enroll for the course and other persons interested in taking the training should contact C-D Director William G. Weaver, Walter B. Lane of Gettysburg or Mr. Fasick. Dates and place for the training course will be announced soon. The classes may be held at the Lane Studio on York St.

The first borough in the county to take advantage of this special training offer was East Berlin and this evening Mr. Fasick will present 17 persons with certificates there. Other county communities interested in setting up radiological training courses should contact Mr. Fasick.

HIGH BAIL SET FOR BURGLARS

Two men captured by state police about a month ago while burglarizing a telephone booth near the Tick-Tock Diner atop Mt. Newman are being held in Franklin County jail in default of \$15,000 bond.

The men, Robert L. Cook, of Miami Beach, Fla., and Nicholas C. Pittman, 24, Rialto, Calif., were held for court in Franklin County after a hearing Tuesday before Justice of the Peace Edwin D. Strite Jr. in Chambersburg on a three-count charge of burglary and larceny. The court there set \$5,000 bail on each of the three counts.

The men were charged with burglarizing three pay telephone booths in Franklin County. One of the coin bags found on the men produced a piece of broken metal which matched perfectly a piece of metal missing from a coin telephone at West's Custard Stand, Fayetteville, which had been forcibly opened and robbed, according to the testimony Tuesday before the justice.

Adams County has detainers on the men on charges of burglary and violation of the uniform firearms act filed before Justice of the Peace Robert P. Snyder here. Police, when they took the men into custody, found three revolvers in the car registered in Cook's name. One of the weapons was equipped with a silencing device, police said at Tuesday's hearing.

ELECTRICIANS DELAY STRIKE
CHEYENNE, Wyo. (AP)—Fourteen electricians at the Atlas missile sites near here decided Wednesday night to delay a strike until the end of the month. It had been scheduled for this morning.

Joe Murdock, job steward for the electricians, said they would try to work out differences with Chicago Local 134, of the International Brotherhood of Electrical Workers.

The Cheyenne-based members of the union claim the local is not giving them adequate representation in wage negotiations. The men say the local is trying to get them to accept an unfavorable contract with Base Services Inc., operators of the communications systems at Atlas missile bases around the country.

Murdock said the men decided to delay the walkout because of the national defense work they are doing.

In Washington, Gordon M. Freeman, president of the union, said he sent telegrams to all brotherhood vice presidents, saying in part: "As the international president I have made a commitment (to the government) that there shall be no stoppages of this nature reportedly threatened in the news story from Cheyenne."

NEA CHARGES U.S. NEGLIGENCE
By G. K. HODENFIELD
WASHINGTON (AP) — The National Education Association charged today that government neglect and broken promises are seriously affecting the education of the children of U.S. servicemen stationed abroad.

The NEA specifically cited what it called (1) inadequate teachers' salaries in all Department of Defense schools abroad and (2) inadequate facilities in schools operated by the military in Western Europe which have resulted in crowded classrooms and half-day sessions.

The Defense Department schools in 26 foreign countries enroll about 178,000 children from the 1st through the 12th grade, employ nearly 6,500 teachers and spend about \$45 million a year.

The NEA said salary scales well below the U.S. standard have made it impossible for these schools to recruit enough experienced teachers.

As a result, it said, the schools are forced to employ "relatively inexperienced teachers of marginal ability and career interest, attracted chiefly by the lure of travel and the opportunity to live abroad for a year or two."

Says South Viet Nam On Offensive
SAN FRANCISCO (AP) — Secretary of Defense Robert S. McNamara says United States aid to Communist-threatened South Viet Nam has put the Southeast Asian nation on the offensive in the guerrilla war.

McNamara arrived here Wednesday night from Pearl Harbor, where he held his fourth strategy session in as many months on South Viet Nam. He will join President Kennedy in Berkeley Friday for a University of California Charter Day ceremony.

In a statement before leaving Hawaii, McNamara said, "There is every sign that the government and people of South Viet Nam have the will and the capacity, with our support, to win."

JUNEAU, Alaska (AP) — An avalanche of snow swept down from the top of 3,500-foot Mt. Juneau today and damaged 12 houses in this city of 6,800 persons.

The slide, 200 yards wide, and the force of wind ahead of it shoved houses from foundations, tore off roofs and snapped trees and light poles.

The only injury reported was to one housewife who suffered minor glass cuts. The slide hit at 5:30 a.m. when most residents were asleep.

Israeli Court Is Asked To Set Aside Conviction Of Nazi Adolf Eichmann

By GARVEN HUDGINS

JERUSALEM (AP) — Adolf Eichmann's lawyer appealed to the Israeli Supreme Court today to set aside the death sentence against the former Gestapo officer on the grounds that Eichmann was brought to Israel illegally and tried under an invalid law.

Dr. Robert Servatius, Eichmann's West German Defense counsel, also asked to be allowed to introduce new evidence and to summon new witnesses, including a high official of West German Chancellor Konrad Adenauer's government.

Servatius asked the five-judge Supreme Court to summon Dr. Hans Globke, 63, a government counselor in Hitler's Interior Ministry, as an expert witness on the workings of Nazi racial laws.

ACCUSED DR. GLOBKE
Eichmann, condemned to the gallows as a major figure in the Nazi slaughter of six million European Jews, claimed during his trial he was only carrying out orders and had pointed a finger at Globke.

Eichmann charged that Globke was directly involved in working out the legal framework for deporting the Jews and confiscating their property—the job he himself was accused of carrying out as chief of the Gestapo's Jewish affairs section. He did not ask during the trial, however, for Globke to be called as a witness.

CLAIMS SAVING JEWS
Adenauer has repeatedly defended Globke, who claimed that while serving in the Hitler regime he saved Jews' lives even at the risk of his own.

Eichmann, 56, appeared rested after three months spent in solitary confinement since the special three-judge tribunal condemned him to death last December. The courtroom was packed with 400 spectators, many of whom suffered personally from the Nazi persecution of Jews.

The defense counsel charged that Eichmann, who was captured by secret Israeli agents in 1960 while hiding in Argentina under an assumed name, was illegally brought to Israel for trial.

"STATE IS KIDNAPER"
"The state is the kidnaper in this case," Servatius declared. "The appellant cannot ask for his rights before a court of the state which kidnapped him."

In addition to Globke, the defense sought permission to call as witnesses two Israeli Airline officials—U.S.-born pilot Zvi Tohar and former operations manager Jack Shimony—who allegedly took part in bringing Eichmann from Argentina. The trial court had rejected a defense request to summon them.

The hearing of the appeal is expected to take a week. The high court then will retire, probably for a month, to consider its ruling.

CORRECTION

William E. Myers, Gettysburg R. 2, made restitution of \$162 to the Pennsylvania Unemployment Compensation Fund February 16, it was learned Wednesday. In a story appearing March 16 giving details of a charge brought against Myers before Justice of the Peace Robert P. Snyder accusing Myers of "making false statements in receiving unemployment compensation," it was stated that the Justice gave Myers 30 days to pay the fine of \$30 and the costs and make restitution of the \$162.

A reporter, when the justice had said he gave Myers 30 days to pay, assumed that the amount included the \$162 to be repaid the state. That amount had, however, already been paid and the statement pertained only to the fine and costs.

The conference leaders, was immediately supported by Italy and Canada. Like Britain they are close U.S. allies and would probably not have acted without some word to Rusk about their plans.

Diplomats who were informed on the closed meeting said that the brief discussion by Foreign Secretary Howard C. Green of Canada and Carlo Russo, Italian undersecretary of state, was bluntly to the point of big power failure and insisted on action by the rest of the conference membership. Tello then ordered the informal afternoon meeting, saying that was the sense of the conference.

On the nuclear test breakdown, Tsarapkin said on leaving the meeting at the place of Nations that no agreement is possible "except on the basis of national control."

"Any kind of international control is out of the question," he asserted.

68TH WEDDING DAY OBSERVED

Mr. and Mrs. Edgar Shank, guests at the Brethren Home for the Aged at Cross Keys, are observing their 68th wedding anniversary today.

On this date in 1894, the day after Mr. Shank's 21st birthday, he hitched his horse to a buggy, drove to Carlisle for the marriage license, picked up Miss Elizabeth Rhoads and went to the home of the Rev. J. C. Clippinger of Boiling Springs where they were married.

The couple lived for a short time at Latimore, several years at York Springs R. D., 11 years in Illinois, then resided at Abbotstown. For a little more than a year they have been guests at the Cross Keys home.

The couple reared four children, two of whom are living. Mrs. Sterling Berkeimer and Dorie Shank, both of Abbotstown. Both Mr. and Mrs. Shank have enjoyed good health. He is 89 and she is 87.

Both the wedding anniversary and Mr. Shank's birthday were celebrated recently at a dinner at the home in which all the guests there participated.

Missionaries For Mormons Busy Here

Elder Daniel Alva Gillespie, Tooele, Utah, and Elder Dean Ward, Logan, Utah, have established headquarters in Fairfield to seek to establish a congregation of members of The Church of Jesus Christ of Latter-day Saints in Adams County.

The two young men are residing in the Henderson Apts., Fairfield. They plan to call a meeting in the near future at which they will outline the beliefs of the Mormons which they describe as the fastest growing church in the world. The Mormons have a small chapel at Chambersburg.

The two elders are among 12,000 young Mormons who are giving two to two and a half years to church work. Gillespie is a physics student at Brigham Young University and plans to resume those studies after serving his church for two years. Ward plans to major in education at Utah State College after completing his period of church service.

Firemen's New Truck

This new 1,000-gallon tank truck was put into use by the Biglerville Fire Company on Tuesday, according to an announcement by the company president, Jay Thomas. The truck is a 1962 model International bought through the Wolff Farm Supply Company at a cost of about \$5,000 with its equipment. Thomas said the truck will be available for use by any company in the county. A public chicken supper will be held Saturday, April 14, from 4 to 7:30 p.m. in the new Biglerville High School cafeteria to raise funds to help pay for the new truck.

Sterling Roth is chief of the Biglerville firemen who now have four pieces of fire fighting equipment. There are two pumps and an ambulance in addition to the new tank truck.

ENTERTAINMENT

Entertainment for the evening included: A classical dance, tap dance, chorus line dance and an accordion solo from the Hildergard Hamme School of Dance, Hanover; Ford C. Waggoner, of the Taneytown Kiwanis Club, who recited poetry; two students from the Scotland School, on the piano and flute; the Casuals Four, consisting of John Lott, James Davies, Barclay Collins, Guy Weikert and Ted Gilbert, all of Gettysburg High School students; and "The Furnace Room Four," led by club member Charles Pentz.

Pianist for club singing was Miss Jane Eiker.

Other guests introduced were past District Governors Elmer Long, of Harrisburg and Harry Bream of Carlisle; and District Secretary Ted Berkhouer, also of Harrisburg.

Other clubs represented were from Carlisle, Hanover, Chambersburg and Mechanicsburg.

FIREMEN PLAN BLOCK PARTY

Robert Allison was appointed general chairman for the annual block party to be held by the Arendtsville Fire Co. in August at a meeting of the Arendtsville firemen Tuesday evening.

President Wayne Criswell also appointed these subchairman for the event: Entertainment, John Stover; amusements, William Kane, rides, Elliott Schlosser; grounds, John Strausbaugh; food stand, Richard Walter, and advertising, Edward Hoffman.

Plans were made for card parties March 30 and April 13.

The firemen voted to join the Firemen's Association of Pennsylvania and designated C. A. Carey to be delegate to the state association meeting.

A vote of thanks was given all those who aided in the recent dinner held by the company.

Irvin Houck, Hanover, explained the use of dry chemical fire extinguishers.

Fronzizi

was reported feeling assured that a solution to the four-day crisis was near. Buenos Aires Mayor Hernan Giral, Fronzizi's emissary in negotiations with the military chiefs, announced after a series of conferences at government house that his mission was over.

TO WELCOME PRINCE

Protocol officers assured newsmen that Fronzizi would be on hand this evening to welcome Britain's visiting Prince Philip, husband of Queen Elizabeth II. Fronzizi's insistence on sticking to his unpopular austerity program, which was generally blamed for his election setback, appeared a major obstacle to his forming a coalition Cabinet. Peronists stepped up their clamor for the return of the ex-dictator from his exile in Spain, declaring it is "the only way to secure peace in Argentina."

FIX ORDER FOR MAY BALLOTS

HARRISBURG (AP)—The Democratic and Republican organization candidates for governor today drew the coveted first positions on the May 15 primary election ballots.

All candidates for governor were represented by proxies at the drawing in the offices of the secretary of the commonwealth. There were no drawings for U.S. senator, lieutenant-governor or secretary of internal affairs, as those offices are not contested.

Former Mayor Richardson Dilworth of Philadelphia drew the top spot on the Democratic ballot. His number was picked by state Rep. Stephen McCann of Carlisle, Dilworth's running mate for lieutenant-governor.

U.S. Rep. William W. Scranton of Dalton won first place on the Republican ballot, his place being picked by Miles Horst, chairman of the Republican election campaign. A state police corporal picked second place for J. Collins McSparran, state grange master and independent candidate for the Republican gubernatorial nomination.

Completing the Democratic ballot for governor were Charles J. Schmitt of Erie, second, and Harvey F. Johnson of McKees Rocks, third.

Los Angeles Angels pitchers led the American League in strikeouts in 1961, fanning 973. They also led in walks with 713.

TWENTY YEARS AGO

Leads Law School Class: Lt. Robert Hanson, senior at the Dickinson School of Law, Carlisle, has been informed, since arriving at Camp Benning, Ga., that he led his class in scholarship, dean of the law school announced, Lieutenant Hanson, having completed two and a half years' work, will be awarded his diploma when the rest of the class is graduated in June, under the recently adopted regulation of the school. He is a son of Dr. Henry W. A. Hanson, president of Gettysburg College.

Completes Course At Special School: Major William G. Weaver has completed the special course at the Adjutant General's School, Washington, and has been assigned to temporary duty in the Adjutant General's Office, Washington. Major Weaver, a graduate of Gettysburg College and a member of the ROTC unit there, has been in the Reserves for many years. He re-entered service in 1933 when he was assigned to command of a CCC camp. Since that time he has served in many Army posts. He was stationed at Lancaster for some time prior to being ordered to the Adjutant General's School.

Last CCC Camp Closes: With the evacuation early Tuesday morning of 125 colored enrollees, Gettysburg found itself without a CCC camp for the first time in nearly nine years. CCC camp No. 2 was established in the fall of 1933, while Camp No. 1, which was abandoned several years ago, was set up in June of 1933. Present orders are that all camp buildings remain intact under the guard of a civilian caretaker yet to be named.

Burgess Fred G. Pfeiffer informed this paper, in response to a public appeal made a few days ago, that it is not the duty of the Burgess to see that the borough makes repairs to curbs in Center Square but that he would make such a recommendation to the borough council when it next meets. The point in question is the height of the curbs in the Square which have been damaging bumpers and in turn the bumpers damaging the curbs, when motorists drive up to park. "I would be nice, Burgess, if the council heeds your recommendation. We believe they will because they're fine fellows."

Local Pupils Capture Four League Prizes: Gettysburg High School students carried off honors in four forensic contests while New Oxford and Biglerville entrants shared honors in the musical division of the Forensic and Music League contests for Adams County schools which was conducted at the New Oxford High School Friday evening. The declamation contest was won by Philip Ridinger, a junior, while another junior, Sterling Cole, won the poetry reading contest. The Shakespearean reading competition was won by a third junior, Mary McMillan. The New Oxford girls' chorus took first place while a mixed chorus from Biglerville High School won in that division. A girls' trio from New Oxford took first place while Doris Bowser of New Oxford won the soprano solo contest.

Dr. Abdel Ross Wentz Will Speak In Washington: Dr. Abdel Ross Wentz, president of the Gettysburg Lutheran Theological Seminary will be the guest speaker at the confirmation service Palm Sunday afternoon in Keller Memorial Church, Washington, D. C. His subject will be "The Lutheran Contribution to the Building of America." He will also speak at the spring rally day service in the church school auditorium. In that talk he will present conditions in mission lands as a result of the present crisis. Several years ago he made a tour of the United Lutheran Church missions in Japan, China and India under the auspices of the board of foreign missions of which he is vice president. His talk to

Today's Talk

IMPORTANT INTERESTS

A man who can appraise values in this world need have no fear for eventual success and happiness.

All about each one of us are values as represented in our ideals, in the colorings of character in human beings, and in the way we place our faith and belief against that of the world.

It's getting the right perspective on life itself and then going down the trail with a firm and decided heart.

When you are able to thus take hold upon yourself and your abilities, then you will be able to separate the big from the little, the important from the unimportant, and pass on toward the goal of your dearest desires.

The trouble with so many people seems to lie in their unwillingness to leave side-tracks and risk their fortunes on the straight road ahead. Side-tracks are only for the emergencies and for loading and unloading.

One of the most important of all interests is that of gathering friends. And after you have gathered them — just a few are necessary — bind them to you forever with hoops of steel, as it were, cemented by the larger confidence of your own worth.

I have seen friends turn overboard ruthlessly for just a little gain that later was wiped out.

I have seen business associations marred and often broken by misunderstanding and a refusal to compromise or to give and take in happy heart.

The sweeter virtues of gentleness, thoughtfulness, and unselfishness are but a few of the things that make life at all worth while. They combine to beautify all interests so that all efforts and all thoughts and all desires that are true and noble, are important, no matter how seemingly trivial.

Tomorrow Mr. Adams will talk on the subject: "We Work For Others"

STORM MOVES FROM EASTERN COAST TODAY

BALTIMORE (AP)—A low-pressure storm moved away from the Maryland and Delaware coasts today. With it went the threat of new flooding at resorts still recovering from a tidal pounding early this month.

Ocean City, Md., police and state troopers said they had no reports of flooding an hour after the scheduled arrival of this morning's high tides.

In Delaware, state police said they had lifted an alert imposed when the threat of a new storm first arose Wednesday.

Meanwhile, the weather bureau said the center of the low-pressure disturbance already had advanced several hundred miles out to sea by dawn.

WATERS EBB QUICKLY

Both Maryland and Delaware felt the impact of tides several feet above normal Wednesday night but the high waters ebbed quickly and flooding was minor.

In Delaware, water reached the streets in Bethany Beach and Dewey Beach, but no damage was reported. Delaware 14, main coastal highway linking Rehoboth Beach with Ocean City, Md., lay under about a foot of water. The road had been closed since the earlier storm, however.

State police at Salisbury stationed a trooper at Ocean City overnight after Wednesday night's threat. Delaware state police who manned coastal areas during the alert had been returned to normal duty by early today.

Delaware troopers said high tide was expected to hit that state's coast during mid-morning. The weather bureau predicted partial clearing over the two-state area today, with temperatures on the chilly side. Chesapeake Bay waters were expected to rise two feet above normal and the ocean two to three feet higher than usual.

In Western Maryland, the Potomac River rose suddenly during the night and was threatened to overflow its banks. The river backed up into Conococheague Creek at Williamsport, six miles south of Hagerstown. At Hagerstown, the Potomac was 17 1/2 feet above normal and rising four-tenths of a foot an hour.

MENOMINEE, Mich. (AP)—The First Presbyterian church here has made a \$100 donation to the city of Menominee.

The Rev. J. Robert Rank, church moderator, told City Council, "Although we strongly hold to the basic idea that churches should be exempt from taxes on property used for religious purposes, we feel that we want to make a voluntary donation to the city in appreciation for its services."

NEW YORK (AP)—Eight persons — including singers Steve Lawrence and his wife, Eydie Gorme — were shaken up Wednesday night when a hotel elevator skidded 10 floors to the basement. Mrs. Lawrence is expecting a child.

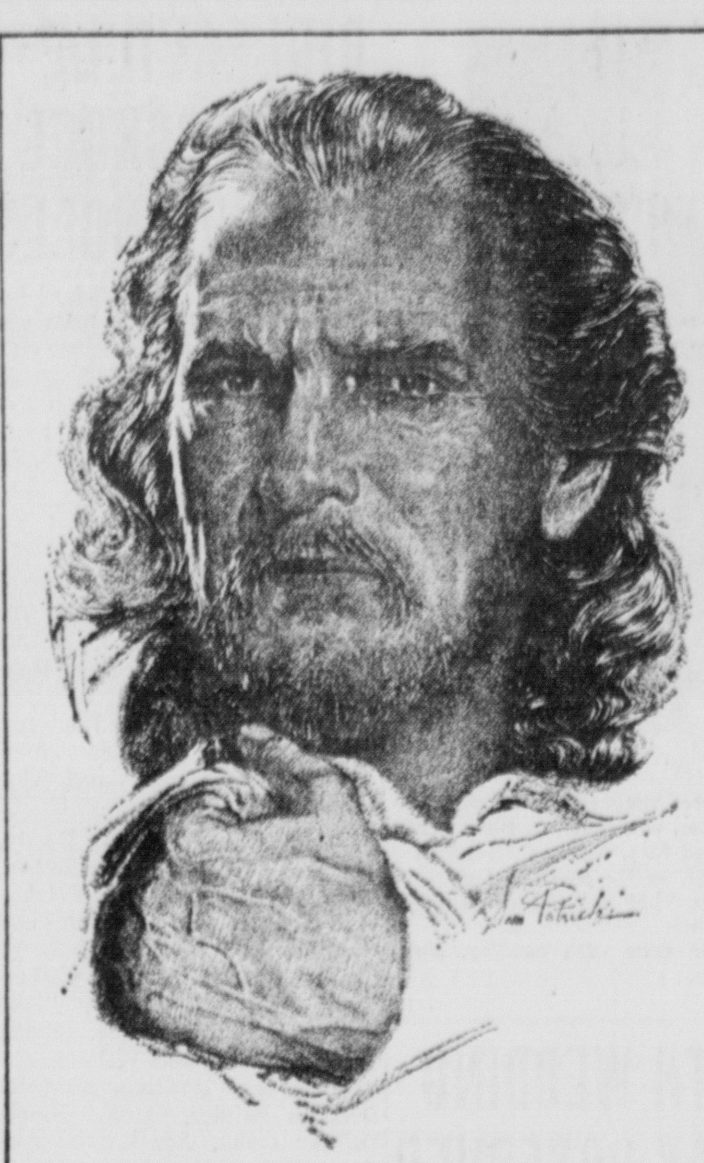

Also in the elevator at the Hotel Fourteen were William B. Williams, 38, a disc jockey on radio station WNEW, and his wife; Mrs. Buddy Hackett, 26, of Palisades, N.Y., wife of the television comedian; and Mr. and Mrs. Jack Rael and Edna Kallgren, all of Manhattan.

All refused medical treatment except Miss Kallgren, who had X-rays taken at a hospital and then returned to her home.

JAMES Son of Zebedee

"And when he had gone a little farther thence, he saw James the son of Zebedee, and John his brother, who also were in the ship mending their nets."

—Mark 1:19

James, like his younger brother John, was a well-to-do fisherman on the Lake of Galilee.

At the Master's call, both left their nets to become "fishers of men."

Jesus called the brothers Boanerges, meaning "Sons of Thunder," apparently because of their dynamic, burning faith.

This impetuous zeal which characterized both brothers is evident in the passage (Luke IX:51-56) which tells of the Samaritans' refusal to receive Jesus because He was enroute to Jerusalem, the capital city of their enemies, the Jews.

"And when his disciples James and John saw this they said, Lord wilt thou that we command fire to come down from heaven, and consume them even as Elias did?"

But Jesus curbed their spirit of retaliation. He told them: "The Son of man is not come to destroy men's lives, but to save them."

Instead of creating a public tumult, as well as further resistance to His message, Jesus went to another village.

James, along with John the Beloved, went with Jesus to the garden of Gethsemane on the night of agony before the Crucifixion. He was also a witness to the Transfiguration and, later, to the Ascension.

According to Scripture (Acts XII:1,2), James was arrested on orders from King Herod Agrippa shortly before Passover in the year 44, and was beheaded.

Secular history tells us that the accuser of James, who had brought him before the judges who condemned him was so deeply impressed by the apostle's faith and constancy, even under torture, that the informer was himself converted to Christianity, and suffered the same fate as James.

The characteristic of James that makes him an immortal prototype of the true believer was his steadfast faith in Jesus and His mission.

He had but to meet the Nazarene to recognize and follow Him through all the hardships, persecutions, and condemnation which followed.

Syrians Fire On Israeli Laborers

JERUSALEM (AP)—Syrian border forces fired today on Israeli laborers working in the fields of Kfar Szold, a Galilean settlement, official Israeli sources said. No one was injured.

The informants said the Israelis did not return the fire, but lodged another complaint with the U.N. Mixed Armistice Commission at this latest incident on the tense frontier.

Syrian machine gunners were reported to have raked an Israeli settlement in the upper Galilee district Wednesday night.

Several houses were hit in the Mishmar Hayarden settlement in the 15-minute attack but no casualties were reported.

The ground fire came a few hours after Israeli and Syrian jets clashed in dog fights over the border with both countries charging an invasion of their air space. Israel denied a Syrian claim that one Israeli plane was shot down.

Britain Cuts Its Official Bank Rate

LONDON (AP)—Britain cut the official bank rate again today, lowering it half a per cent to 5 per cent.

"This move," said a Bank of England spokesman, "is a reflection of the continued strength of sterling."

The bank rate determines the interest charges on loans throughout the country and the sterling bloc. It last was lowered March 8 by half a per cent.

This was the fourth reduction since the government boosted the rate from 5 to 7 per cent during a financial crisis last July.

Two Boys, 9, Demonstrate Courage In Daring-Do To Be Chosen As Astronauts

ELGIN, ILL. (AP)—Two boys, 9 years old, who told the head of America's space agency they "did something brave" so they could become astronauts, have disclosed their training technique.

"I laid at the bottom of a hill on the other side of a pile of snow," Tom Wicklein said Wednesday night, "and my friend, Matt Fischer, went across me on his sled."

"That took a lot of courage," the two boys said in a letter which found its way to the desk of James E. Webb, administrator of the National Aeronautics and Space Administration in Washington.

READY FOR TRAINING

NASA officials said that among the thousands of letters received since the orbital flight of Lt. Col. John H. Glenn Jr. Feb. 20, none has expressed greater determination.

The two Elgin fourth graders wrote Webb: "We will both take any training that is to be done. 'Must we prove we have guts? We just did today."

"Matt and I did something brave. I laid down at the bottom of a hill, and my best friend, Matt, rode over me."

The boys neglected to mention in the letter that Matt rode a sled.

"I think it took more courage to go over me," Tom said.

"It was more difficult for Tom," young Fischer assured a reporter.

FELT THE BLADES

"I could feel the blades, that's all," said Tom, the son of Mr. and Mrs. Peter R. Wicklein. "I told my mother about the letter, and she just laughed."

Matt said his folks, Mr. and Mrs. William A. Fischer, thought the idea was "pretty good."

"I didn't tell them about the sled ride yet," Matt confided to a newsman.

Webb said he had answered the boys' letter and told them that while it takes courage to orbit the earth, it takes book learning, too.

Uniontown-Norristown Play For PIAA Title Saturday

By FRED WALTERS

HARRISBURG (AP)—It will be Uniontown against Norristown Saturday night for the most coveted of Pennsylvania scholastic sports prizes, the PIAA Class A state basketball championship.

The Red Raiders from the WPIAL defeated Fifth Avenue of Pittsburgh, 66-49, for the western title Wednesday night, while the Eagles were running away from Catawqua, 67-52, for the eastern crown.

So, after waiting for three years, Uniontown finally has made it to the big game. They had been favorites for the Class A championship for the past two years, but never survived the WPIAL district playoffs.

Norristown eliminated the team that had come up as the "Cinderella" five of this year's tournament.

ONLY TWO SENIORS

In the eastern showdown, however, the Rough Riders proved that they were probably a year away from their peak. There were only two seniors on Catawqua's starting quintet.

Norristown started an all-senior five, headed by 6-foot-7 Jim Williams and 5-foot-10 Don Cartwright.

With Williams tapping in passes and followups from under the basket and Cartwright setting up the plays, the Eagles took command of the game midway through the first period with a nine-point burst.

They opened up a 17-point lead before Catawqua recovered to narrow the lead to 38-28 at half-time.

The Rough Riders went into a full-court press early in the third period and threw the District One champions momentarily off balance, but the District 11 representatives never got closer than eight points.

REGAINED COMPOSURE

Then Norristown regained its composure, took advantage of Catawqua's inexperience and opened up the lead again. It reached as many as 19 points in the fourth period.

Catawqua got a fine performance from sophomore Larry Miller, who led all scorers with 25 points. The husky, 6-foot-3 youngster again won the plaudits of the observers with his rebounding and offensive play.

Williams was Norristown's high man, with 19. Cartwright backed it up with 17 points.

The Rough Riders' playmaker, Dennis Fehnel, a 5-foot-11 junior, was his team's second high scorer with 15 points.

Uniontown contained Fifth Avenue's scoring punch except for Fleming Reynolds, a 6-foot-7 senior who led all scorers with 23 points.

SCORING LEADERS

Ron Sepic and Allyn Curry paced the Red Raiders with 16 and 15 points, respectively, while Don Yates, who was an all-state choice a year ago as a junior and is a leading candidate this year, was held to seven points.

Yates was benched twice during the game.

Uniontown built up a 38-12 half-time lead that the Pittsburgh (District 8) city champions narrowed to 10 points in the fourth period.

Sepic dropped in a pair of field goals that nipped the late rally at that point.

Uniontown will be the 17th WPIAL champion to reach the Class A state final in the last 19 years. The Red Raiders, however, last played in the final in 1925, when A. J. Everhart, father of the present coach, came up with a state championship. Uniontown beat Williamsport, 21-14 that year.

Norristown also has just one prior appearance in the final and it, too, was successful. In 1948, the Eagles whipped Ford City, 30-23. In the last 11 years, District 1 has had its champion in the title game nine times. It has met the WPIAL champion seven times in that span and lost six times.

The deciding contest will be played at the State Farm Show Building in Harrisburg. The Class B and C championship games also are scheduled for Saturday night. Unbeaten Darby clashes with Mercer in the B game at Reading, while Jim Thorpe takes on Clarion at New Castle for the C championship.

Frick Warns About Color Of Gloves

TAMPA, Fla. (AP)—Baseball Commissioner Ford Frick is making sure major league pitchers don't try any hanky-panky with their gloves this year.

He has sent a telegram to all teams stating: "Rule 1.15 A states, 'The pitcher's glove shall be uniform in color and shall not be white or gray.' Please make certain no pitcher on your club uses a glove in violation of this rule."

With a white glove it would be nearly impossible for the batter to see the ball and the movement of the arm would be distracting, baseball men explained.

UNIONTOWN IS READY FOR RED RAIDERS SAT.

PITTSBURGH (AP)—They'll be tough, but we'll be ready.

That's the way Coach Abe Everhart of Uniontown put it Wednesday night when asked for comment on the Red Raiders' coming game against Norristown for the state Class A basketball championship.

Uniontown won the Western Regional title at the Pitt Field House Wednesday night by swamping Pittsburgh's Fifth Avenue 66-49. And Norristown captured the Eastern Regional with a 67-52 victory over Catawqua at Harrisburg.

Uniontown and Norristown meet at the Farm Show Arena in Harrisburg Saturday night.

"NOT UP"

"What a game!" Everhart said after the Fifth Avenue clash. "Fifth was definitely not up at the start."

Except for ties at 3-3 and 5-5, Uniontown led all the way. The Raiders biggest margin was 23 points in the third period when they were ahead 51-28. Fifth Avenue closed to within 10 points in the fourth period but never got any closer.

Everhart said Raider star Don Yates, held to seven points, "was way off form, but our other lads took up the slack."

SOLID BALL CLUB

"Pete Smith and Allyn Curry did a good job in the backcourt, especially Curry who was great out there tonight with his constant stealing of Fifth Avenue passes," Everhart said. "Ron Sepic was again great off both boards and came through with the points when we needed them in the final period."

Fifth Avenue Coach George Cupples said Uniontown is a "solid ball club in every respect."

"We could not get going nor did we utilize our fast break the way we know we can," he said. "Ron Sepic was a tower of strength for them, and I sure hope they go all the way."

Letters Presented Junior High Squad

Letters earned during the past basketball season were presented Wednesday morning during the assembly period to members of the Gettysburg Junior High School varsity squad.

Receiving the awards from Coach Carl Schoenborn were Tony Bushey, honorary captain; Donald Douglas, Richard Finkbner, Michael Krick, Radcliffe Schultz, Ed Thomas, Ron Fox and John Zeigler, manager. Fox's letter was a service award for having been a squad member for three years.

Schoenborn, Don Bickel, coach of the jayvees, and Honorary Captain Bushey spoke briefly in reviewing the season.

Bruins Seeking Key Hockey Tilt

BOSTON (AP)—If Boston Bruins coach Phil Watson ever has wanted to win a National Hockey League game, tonight's with the New York Rangers at Boston Garden is it.

Watson and the Bruins could come close to knocking the Rangers out of a Stanley Cup play-off berth by whipping New York. The Rangers currently hold a one-point lead over fifth-place Detroit and have only tonight's game and one against Chicago Sunday night left to play.

Ferry Phil remembers well the taunts and jibes by Ranger players this season about his coaching and Boston's inability to win. The Rangers eased Watson out as coach last season and most of this season's New York players formerly were under Watson.

New York has been nearly unbeatable against Boston this season, winning 9, tying 2 and losing 2.

Fairfield LL To Meet On Sunday

The meeting of the Fairfield Little League, postponed from last Sunday, will be held Sunday afternoon at 2 o'clock in the Fairfield community fire company hall.

Additional plans will be made for the coming season. All officials are requested to be present.

STAR IN TOURNEY

Ron Warner and Bob Parker, former Gettysburg College basketball stars, sparked the McSherry-Moose to a 133-76 victory over the Yankee AA, York, Wednesday evening in the annual Knights of Columbus tournament being held on the Delone High School floor. Warner landed 68 points and Parker 32.

Seven Bankers To Attend Conference

Seven Adams County bankers will attend the trust conference of the Pennsylvania Bankers Association in Harrisburg Thursday and Friday. The meeting, sponsored by the PBA Trust Division, will be attended by 275 bankers and trust men from throughout the state. It is the 35th annual trust conference of the organization.

The counties registered for the meeting are: William T. Timmins Jr., First National Bank of Gettysburg; George T. Raffensperger and Richard E. Schultz, Gettysburg National Bank; Albert J. Bair and Theron W. Spangler, Littlestown National Bank; and Wilbur A. Bankert and Warren C. Harner, Littlestown State Bank & Trust Co.

ROUND ROBIN IS SLATED FOR ABL PLAYOFFS

KANSAS CITY (AP)—The Kansas City Steers made the American Basketball League's first race such a runaway that the league won't go through the motions of a championship playoff for the second half of the season.

Instead, the other six teams will vie in a kind of round-robin tournament and the winner will tackle the Steers for the grand championship.

Ken Krueger, owner of the Steers, announced the arrangement and said the process will start at Pittsburgh next Wednesday night.

There will be a second round in Pittsburgh March 29, another at an undetermined site March 30 and the winnow will come in Kansas City March 31. Details of the tournament will be worked out at a league meeting in Chicago Saturday.

The winner and the Steers will collide in the first two games of a best-of-five series April 1 and 3 at Kansas City.

The Steers ran their second-half record to 24-13 Wednesday night with a 110-101 victory over the New York Tapers. This gave them a six-game bulge on San Francisco in the Western Division and four games on Cleveland, leader in the Eastern Division.

The Steers easily took the first-half championship in the Western Division and beat Cleveland in a playoff.

Cleveland made it six straight by beating Pittsburgh 124-102 in the other league game Wednesday night.

South Penn Will Sign Ball Players

Preparations for the signing of over 200 amateur baseball players for the 1962 season of the South Penn Baseball League will be made at a meeting in the American Legion home here Sunday at 2 p.m.

The 12 teams of the South Penn, the only amateur baseball league in the area, will each receive contract cards to be filled out by their players according to league rules.

The league season will open on Sunday, April 29, with 10 Pennsylvania teams, all from Adams County, and two from Maryland competing.

Shenandoah Opens Meet On April 13

CHARLES TOWN, W. Va.—The Tri-State Futurity, scheduled for its inaugural running at Shenandoah Downs this summer, is running up as a \$15,000 race, with 168 two-year-olds remaining eligible after the first payment.

General Manager Robert G. Leavitt estimated the \$15,000 gross value for the new stakes event in announcing that better than 80 percent of the 201 original nominees had been kept eligible with the March 15 payment.

Shenandoah Downs opens a 31-night spring meeting April 13, but the Tri-State will be run during the track's summer meeting. The West Virginia Racing Commission has not yet set summer dates for the two Charles Town ovals.

The night track makes its debut in stakes racing with the \$7,500-added Tri-State, first futurity in West Virginia racing history and one of the few futurities in America. Eligibility is limited to two-year-olds foaled in Maryland, Virginia and West Virginia.

Grove To Offer 4 Big Car Cards

WILLIAMS GROVE — Action will wax hot and heavy in the Sprint Car racing field on the Williams Grove Speedway this year. With the confirmation of a Saturday night date, June 23, the big car schedule was completed with four spectacular cards listed.

Sanctioned by the U.S. Auto Club, the sprint boys will initiate the "Grove's" new track surface, scheduled April 8. This will be the only appearance of Indianapolis drivers at this oval before the Memorial Day Classic at Indianapolis, who died last April.

SEMIFINALS IN NCAA PLAY THIS EVENING

By DON WEISS
Associated Press Sports Writer

LOUISVILLE, Ky. (AP)—A team noted for its alertness, UCLA, may turn out to be the sleeper in the National Collegiate (NCAA) Basketball Championships that move into the show-down stage at spacious Freedom Hall Friday night.

The Uclans (18-9) champions of the Far West regional eliminations, play defending national champion Cincinnati (27-2) in the second game of a semifinal doubleheader that opens with top-ranked Ohio State (25-1) meeting Wake Forest (21-8).

No one who remembers the way another West Coast sleeper, California, came from out of the also-rans to win the national title the last time the championships were held in Louisville—in 1959—is overlooking the Bruins.

LACK OF HEIGHT

Their record? Forget it. They lost seven of their first 11 games. They've traveled at a 14-2 pace since.

Their lack of height, which shows 6-foot-5, 230-pound Fred Slaughter as the over-all biggest man among the front liners? Forget that, too. In winning the Far West regional at Provo, Utah, they disposed of the biggest team in the NCAA tournament—Oregon State, with 7-foot-1 Mel Counts—by the tidy score of 88-69.

Their low national ranking? They were rated third best in the Big Five conference in preseason estimates, yet here they are only two victories away from the national championship.

"I've never been so proud of a team in my life," Coach John Wooden said.

Coach Ed Jucker of Cincinnati remembers too well what California did in the 1959 tournament (he was an assistant when unsung Cal beat the Bearcats in the national semifinals) to underrate any team that has come this far.

LEARNED LESSON

"I learned my lesson then," he said. "You don't underestimate any team at this stage."

As the nation's coaches began streaming into town for the games and the concurrent meetings, most were talking of an anticipated rematch of last year's championship—in which Cincinnati upset unbeaten Ohio State 70-65 in overtime.

The Buckeyes and their great three-time All-America, Jerry Lucas, beat Wake Forest 84-62 at Wake Forest in December and polished off UCLA 105-84 in the Los Angeles Classic a few days later. But the Deacons, like UCLA, found themselves late-winning their last 12 after standing 9-8 at midseason.

MIAMI OPEN BEGINS TODAY

By BEN FUNK

MIAMI, Fla. (AP)—Gusty winds were forecast during the opening round of the \$50,000 Miami Open Golf Tournament today, but a great par-busting performance still was expected from a crack field of touring pros.

Playing in similar conditions Wednesday over a tough, 7,028-yard layout recently chopped out of swampy farmland, 14 pros trimmed one to four strokes off par 72 despite the tricky winds.

Billy Maxwell and Mason Rudolph tied at 68 in the 18-hole pro-amateur tuneup.

The colorful veteran, Sam Snead, making only his second tournament appearance of the year, shot a 69 to tie Jacky Cupit and Bill Casper for third place.

Ben Hogan, the old master who now enters only about four tournaments a year, chose this event for his first competition of 1962. After a rest at his home in Johannesburg, South Africa, Gary Player will get back into the tournament swing here.

Player, last year's biggest money winner, left the circuit in California after finishing out of the money in the Bing Crosby event for the first time in 49 consecutive tournaments. He has won only \$1,580 this year.

AHL To Present Two New Awards

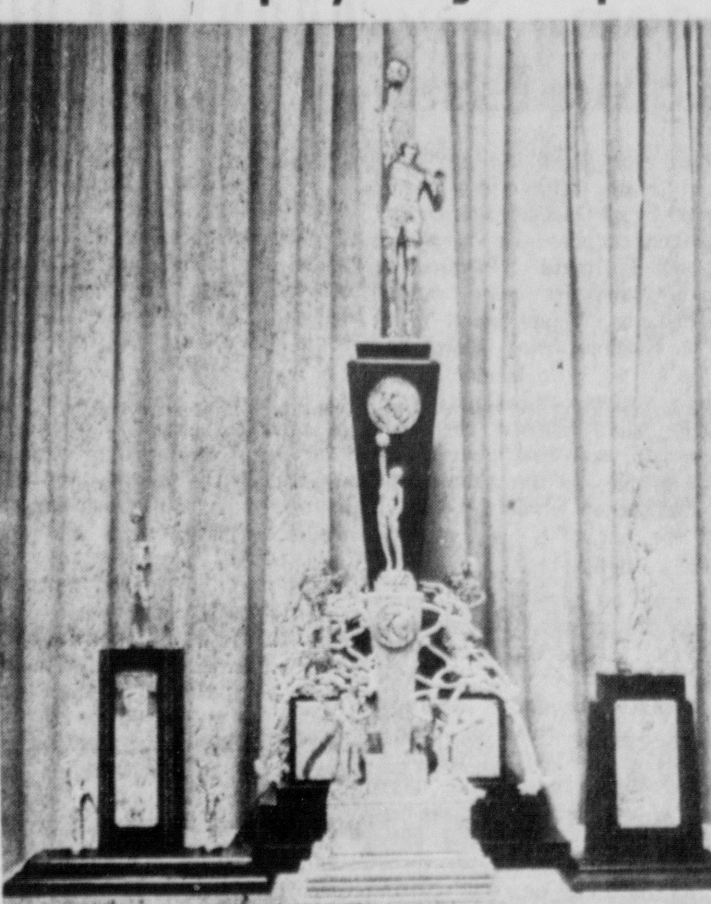

NEW YORK (AP)—Two new new awards will be presented annually by the American Hockey League beginning with the current season.

The league announced Wednesday the James C. Handy Memorial plaque will be presented to the individual who in the opinion of league governors had made an outstanding contribution to the league.

The Western Division champion will receive the John D. Chick Memorial Award. The Teddy Oke trophy previously had been established for the Eastern Division champion.

The Handy plaque is in memory of the former Cleveland general manager who died last January. The Chick cup is named for a former vice president of the league who died last April.

Mount Displays Cage Trophies

Above are the four trophies won the past season by the Mt. St. Mary's basketball squad, NCAA small college champions, which are now on display in the library of the college at Emmitsburg. In the middle is the towering three-foot NCAA trophy and immediately in front is the white trophy emblematic of taking the Eastern Regional title preceding the national tournament at Evansville, Ind. On the left is the Mason-Dixon Tournament award and to the right is the regular season Mason-Dixon Conference trophy. TO SEEK MORE DAMAGES FOR "FISH KILL"

By JACK LYNCH

HARRISBURG (AP)—The Commonwealth is considering raising its demands for damages resulting from a fish kill on the north branch of the Susquehanna River, an official said today.

Deputy Atty. Gen. John Sullivan said the Justice Department is considering two new factors in seeking more than the \$58,504 originally demanded.

The \$58,504 was the Fish Commission's value of dead fish killed by pollution between Sunbury and Wilkes-Barre last October.

The State Sanitary Water Board officially placed the blame for the pollution on mine acids discharged by a Glen Alden Coal Co. plant in South Wilkes-Barre. Sullivan said representatives of the Justice and Health Departments and the Fish Commission met here this week to discuss courses of action.

NEW FACTORS

At that time, Sullivan said, the new factors were brought up. He said biologists suggested that the \$58,504 value might be tripled because they say it will take three years to restore the stream to its former state.

In addition, Sullivan said, the 116,280 dead fish counted "were in an area representing only one-tenth of the stream area polluted."

He added:

"So theoretically, at least, there could be a ten-fold increase in the number of dead fish."

Sullivan said Atty. Gen. David Stahl has not made a final decision on how much damages the state should seek.

Glen Alden did not participate in the meeting Monday and has not been officially notified of the discussions.

Stahl some time ago presented to Glen Alden a formal bill for the \$58,504, but the firm did not reply officially.

There have been several exploratory meetings between state officials and representatives of the firms.

Ron Warner Best In Philadelphia

PHILADELPHIA (AP)—Gettysburg College's Ron Warner, an honorable mention All-America and two-time All-State selection, has been named outstanding visiting basketball player for this season by the Philadelphia Basketball Writers Association.

The 5-10 senior from York, Pa., highest scorer in his school's history, will be honored March 27 at the writers' annual banquet.

He scored 34 points, including 22 for 22 fouls, when his team lost by one point to St. Joseph's in a game here.

Warner, whose college career total was 1,880 points, also was named most valuable player in the Middle Atlantic Conference University Division this year.

TOP NIT TILTS TO BE PLAYED THIS EVENING

By JIM BECKER

Associated Press Sports Writer
NEW YORK (AP)—Sophomore-sparked Dayton and senior-paced St. John's carry the favorite roles tonight in the semifinals of the National Invitation Basketball Tournament at Madison Square Garden.

The Ohio Flyers, seeking their first NIT title in 10 tries, are slim picks over hustling Loyola of Chicago, which also leans on first-year men. The home town Redmen, out for their fourth NIT crown, are granted a larger edge over a sound Duquesne team in the second half of the double-header.

The first game goes at 7:30 p.m., EST, the second at 9:30 p.m.

TOUGH GAME

Dayton, five times runner-up in this tournament, has its work cut out against Loyola. The Flyers swamped Wichita and Houston on the way to the semis, largely on the inspired play of sophomores Bill Chmielewski, 6-foot-10, and Gordie Hatton, 6-foot-1.

The rugged Chmielewski has 36 points in two outings. He also chipped in with fine rebounding and feeding. Hatton, with 43 points, is the team floor leader as well as Garry Roggenburk, Hal Schoen, and Tom Hatton, Gordie's older brother, round out the fine cast.

The Loyola Ramblers, who drew a bye in the first round, also were impressive in dumping a solid Temple team, 75-64 in the quarter-finals. Their pell-mell attack features four sophoms, including 6-foot-6 Vic Rouse, who leaps like a 7-footer.

LIKE TO SHOOT

The nation's scoring leaders, the Ramblers ran and run and aren't afraid to pop the ball up.

St. John's and Duquesne are more deliberate. The Redmen feature 6-foot-10 Leroy Ellis, outstanding player in the metropolitan area.

Despite a weak bench, St. John's produced a superb effort in knocking out Holy Cross Tuesday night, moving the ball until the right shot came along. Duquesne collected the scalps of Navy and nationally ranked Bradley en route to the semis. The Ducks lack height but not poise, much of which is provided by sophomore Willie Somerset, a 5-foot-10 take charge guy.

TOP BERLIN BOWLER

Pat Tipton, wife of Sgt. Robert Tipton and daughter of Mr. and Mrs. Samuel Knox, Gettysburg, is queen of the mixed doubles in the Berlin City Bowling Association's tournament which closed out the BB Sports Center lanes there recently. Her team partner was Frank Peifer and they rolled a 1,173 pin total on the final day to win the top spot. Sgt. Tipton is stationed in Berlin and his wife is there with him.

Warriors

PHILADELPHIA (AP)—The Philadelphia Warriors meet the Syracuse Nats in Convention Hall tonight in the fifth and deciding game of a best-of-five semifinal series for the right to play Boston in the National Basketball Association Eastern Division finals.

The Warriors won the first two games but Syracuse rallied to take the next two, setting the stage for tonight's crucial contest. The winner will meet Boston, regular season champions, in a best-of-seven final series beginning Saturday afternoon at Boston Garden.

The Boston game will be nationally televised. Meanwhile, the Detroit Pistons, who eliminated Cincinnati in the Western Division semifinals, will open a best-of-seven final series with the Los Angeles Lakers, who took first place, Saturday night. The first two games will be at Los Angeles.

"Once People Know The Truth They Can Possess Individual Freedom," Says Author Of Prize Winning Legion Essay

"How Best To Maintain Our Freedoms In A World Threatened By War" was the subject of the prize-winning essay in the recent Adams County American Legion essay contest. It was written by Miss Mary Nell Sargeant, daughter of Mr. and Mrs. Melvin Sargeant, R. 2. She is a junior at Gettysburg High School.

MARY NELL SARGEANT

Her essay follows in full:

"You shall know the truth and the truth shall set you free."

This is the clearest and simplest definition of freedom known. Once people know the truth they can possess individual freedom, and strive to obtain political freedom.

FACE REALITY

As the young nation developed, it adopted new policies. Its foreign policy was based on the Monroe Doctrine and isolationism. "America for Americans" was the cry and basically still is today. However, during the past decade, the United States has had to face reality and broaden her international diplomatic relations. Diplomacy is now a key weapon in the survival for freedom.

Today we are confronted with a raging cold war — a war in which freedom may perish or survive, depending upon the heart-felt concern of those who have liberty. A sad aspect of the battle seems to be that many people lack the will to win this war. General Douglas MacArthur has said, "It is fatal to enter any war without the will to win." But how does one take the offensive in a cold war?

If it were a hot war, our budget would be greatly increased for all out armament program. So should the budget be increased in other fields, in a serious effort to win the cold war: "we can afford a big budget if there is a free-victory at the end of a shortened cold war."

"FOUR FREEDOMS"

President Franklin D. Roosevelt set the goals for a free world in his State of the Union Message, January 6, 1941. If his ideals in the "Four Freedoms" could be established everywhere in the world, not only would we be able to maintain our freedom, but freedom could be the right of all people everywhere.

FREEDOM OF SPEECH, the right to voice one's ideas and to

challenge any opinion, political or otherwise, is enjoyed without restraint by people of the western world. However, in Communist-controlled countries, to criticize the government is the most serious of all crimes.

Without education and too often with false information, the peoples of retarded nations must weigh in the balance of their own advantage the ambition of the Communists versus the apathy of democratic nations. President Kennedy has written on education, "One of our major goals is to help people understand the complexity of the world in which we live and the variety of the problems we face. Without understanding, there cannot be intelligent action. Ignorance and prejudice — two of democracy's greatest foes — can be dispelled by the free flow of information and ideas."

EQUAL OPPORTUNITIES

All people must be given equal opportunities for knowledge and the truth. We must work together not only "to maintain a dynamic progressive people," but to promote dynamic progress for freedom. Men cannot remain indifferent to the changing world. They must react. "But dynamic progress is not made with dynamite." We must be aggressive for freedom but not militarily aggressive.

FREEDOM OF RELIGION is secure in the West, but in Communist-dominated countries all religion is discouraged although it isn't prohibited.

Is man to exist for the state or does the state exist to serve man? This has long been an issue of government. Under communism the individual exists for the sole purpose of serving the state. In a democracy the leaders must be accountable to the public as a medium for the transactions of the people. Political power is a trust under which the interest of

the people is to be protected. But the supreme trust must be expressed by the people themselves. Americans express it: on all our currency is found, "In God we trust"; everyday, every school child recites, "one nation under God, indivisible, with liberty and justice for all"; in Lincoln's Gettysburg Address, "this nation under God shall have a new birth of freedom, and that government of the people, by the people, and for the people shall not perish from the earth."

"ROOTS OF FAITH"

We must be careful not to take freedom for granted nor overlook the danger of freedom, its misuse. If we are to continue to enjoy the "fruits of freedom," we must develop strong "roots of faith." Man left to his own philosophy would become more and more selfish in the use of his liberty, thus requiring a controlling power. "Men must be governed by God, or they will be ruled by tyrants," said William Penn. If only men of the free world would exercise more restraint and unselfishness in using freedom, they would have much better prospects for preserving it.

HUNGER IS MENACE

FREEDOM FROM WANT is still desperately needed in many parts of the world. Hunger hangs like a menacing cloud over countries of the East. A little child is turned out into the street without clothes or food in India or China. These conditions do not portray the high standards of living enjoyed by the free world. The countries of the East must be helped out of their rut of dependence on one national crop, and into the world of free competition and to a higher standard of living.

"World economic competition is a vital background in the struggle against communism," Henry Ford II has stated. "If industry, agriculture, and labor work toward greater efficiency and if our government pursues sound growth-producing policies at home and in foreign trade, we will rout communism in this competition."

OTHER FREEDOMS

Are we familiar with four great freedoms which are the heart of our free enterprise system: Freedom to try, to develop originality and ingenuity; freedom to sell, the doorway to free competition; freedom to buy, a vital stepping stone in business, and the freedom to fail? In America failure does not mean destruction. "Our economy has built cushions to help break the fall of failure and to give the individual a chance to bounce back and try again. But they're not deep, fat, soft cushions. Without a cushion or with one too thin, individuals can't try again. With a cushion that's too thick and comfortable, they won't try again."

We believe in "Freedom To" — the concept of opportunity. Communism advocates "Freedom From" — the concept of protection. In the free world, choice is put in the hands of the individual; under communism the choice is in the hands of the government. The "Freedom From" concept has twisted our four economic freedoms to: Freedom from striving, guarantees absence of fear, care or strife; freedom from competition, eliminates hard work; freedom from exploitation, enables the choice to be made for the individual; freedom from insecurity, prevents failure.

POWERFUL WEAPON

A powerful weapon in the cold war is the 10-nation European Common Market. This unifying factor can be a far greater deterrent to Soviet designs than anything else the free nations might try. There is no military alliance, only people working together toward freedom.

Another giant step towards bettering international relations and furthering progress towards world peace is in world health. Our budget channeled in this direction could help bring under control the

PRESSURE FOR PROGRAM HIT BY LAWMAKERS

By JACK BELL
WASHINGTON (AP) — Efforts of President Kennedy's Cabinet to sell the administration's legislative program to congressional employees came in for criticism today.

A prestige-packed campaign has found nearly all of the Cabinet members from Secretary of State Dean Rusk on down the line subjecting themselves to questioning by administrative assistants, legislative clerks and committee staff members of both parties at unadvertised meetings.

The President's brother, Atty. Gen. Robert F. Kennedy, for example, has briefed staff assistants of all members of the Senate Judiciary Committee on the operations of his department as well as on the administration's program.

INFLUENCE

Administration leaders describe these off-the-record sessions as merely informative. But Republicans and some Democratic critics thought they detected an effort to influence the men and women who advise them.

Sen. Harry F. Byrd, D-Va., who opposes some portions of the Kennedy program, said he had ordered his assistants not to attend when Secretary of Welfare Abraham Ribicoff met with aides of senators who are members of the Senate Finance Committee.

Byrd heads the committee, to which tax, trade, medical care and other important bills usually are assigned.

"The President certainly is exerting intense pressure to get his measures across," Byrd said. "I have never seen anything quite like it in my 29 years in the Senate."

Sen. Kenneth B. Keating, R-N.Y., said in a separate interview he had permitted assistants in his office to attend sessions at which Rusk, Secretary of the Treasury Douglas Dillon, Secretary of Agriculture Orville L. Freeman and Postmaster General J. Edward Day presided.

birth rate problem, slums, sanitation and hygiene, and many other health problems confronting us today. As more progress is made in health, people develop freedom of mind. Constructive thoughts and ideas, cultures and customs are exchanged, thereby relaxing world tension.

FREEDOM FROM FEAR has not been achieved anywhere in the world, though great strides are being made in that direction. All recognize the necessity for making this freedom a reality.

WE have become so fearful of the crises the Communists have created that we have failed to perceive any positive progress. George Kennan, our present ambassador to Yugoslavia and past ambassador to Russia, analyzes almost any Communist gain as "one part Soviet resourcefulness and single-mindedness of purpose; two parts amateurishness, complacency, and disunity on the part of the west."

When distrust and disillusion are dispelled, fear can be conquered through cooperation and unity. Today, we have a vital workable instrument of cooperation in the United Nations.

In cooperation there must be some sacrifice. Are Americans willing to alter tradition in other fields, to keep their greatest tradition — freedom and dignity of the individual? We must face the future responsibly and unafraid.

Is this solution, based on the Four Freedoms, too idealistic? The answer might well be another question, "Is freedom too idealistic?" But to maintain our freedoms we must have faith — faith in ourselves and in our neighbors, faith in our institutions, faith in America and the free world, faith in democracy. "The result is not doubtful. If we stand firm, we shall not fail. Wise counsels may accelerate or mistakes delay it, but sooner or later the victory is sure to come."

May Use TV For Wrestling Tourney

UNIVERSITY PARK Pa. (AP) — Penn State officials may have to resort to closed-circuit television Saturday for the PIAA wrestling championships here.

Athletic officials reported Wednesday that already all reserved seats for the meet have been sold. Another 500 general admission seats and standing-room-only tickets are on sale now. If the demand keeps up, a closed-circuit television hookup will be used to pipe the matches from the 6,000-seat recreation hall to a 1,000-seat auditorium nearby. Arrangements already are being made to provide this service, Penn State said.

Schoolboy grapplers from all over Pennsylvania will be competing in the all-day event.

The price of horse shoes has gone up. Owners at Hialeah Park now pay \$18 instead of \$16 for a set, with resets raised from \$10 to \$14. Blacksmiths cite the rising cost of steel and aluminum as the reason.

THOROUGHBRED IS PRESENTED MRS. KENNEDY

By FRANCES LEWINE

LAHORE, Pakistan (AP)—Pakistan's President Mohammed Ayub Khan took America's horse-loving First Lady to one of the most colorful horse shows in the world today and then gave her a Pakistani thoroughbred to take home.

Delighted at the gift, Jacqueline Kennedy said she was worried about how the animal would get back to the United States. Officials told her the 10-year-old bay gelding, named Sardar or Chief—would travel by an American military plane.

The plane will also pick up the two tiger cubs she got in India Wednesday.

Mrs. Kennedy said she hoped the horse would not get airsick.

DECLARE HOLIDAY

Pakistan was giving the U.S. First Lady royal treatment. It was a school and government office holiday Wednesday when she arrived from neutralist India to begin a 4½-day visit to this Asian ally of the United States. Officials declared another holiday today so children and workers could see her drive about the city.

Tens of thousands lined the flag-draped streets as she went to the stadium for the final day of the Lahore Horse and Cattle Show. There she joined Ayub Khan and West Pakistan Governor Malik Amir Mohammad Khan in a carriage escorted by 36 lancets of the presidential bodyguard.

56 TRUMPETEERS

Fifty-six trumpeteers sounded a fanfare as the carriage entered the stadium. The crowd of 150,000 rose and cheered. The carriage circled the field and then drove to the reviewing stand.

Mrs. Kennedy and Ayub stood at attention as a massed band of bagpipes, drums and brasses from 46 regiments played the Pakistan national anthem.

Hundreds of gas-filled balloons were released, some carrying placards advertising shoes and other items, as Mrs. Kennedy and Ayub Khan took their places in the guest gallery.

DEATHS

WILMINGTON, Del. (AP)—Dr. William H. Kraemer, 83, a pioneer in cancer research, died Wednesday. In 1928 he founded the Elizabeth Stork Kraemer Memorial Foundation at Jefferson Medical College in Philadelphia for fundamental research in cancer and since had served as director of research.

POUGHKEEPSIE, N.Y. (AP)—Elizabeth Vernon Quinn, 81, author and editor, died Wednesday. Miss Quinn, whose pen name was Vernon Quinn, attracted most public interest in her authorship of picture geography books of many lands and works on travels. She served in New York City as an editor for Frederick A. Stokes and Co., publishers, from 1905 to 1941. She was born in Waldorf, Md.

Phillies Retire Roberts' Number 36

CLEARWATER, Fla. (AP)—The No. 36 uniform Robin Roberts wore while racking up the most victories in the history of the Philadelphia Phillies has been formally retired.

Bob Carpenter, owner of the Phillies, gave a party Wednesday after the Yankees, the club Roberts is now with, had defeated the Phillies 13-10 in an exhibition game. During the party the uniform was retired.

While the Yankees won, Roberts was hit hard. The Phillies pounded him for five hits, including a homer by Don Demeter, and four runs in four innings.

But, said Yankees Manager Ralph Houk, "He'll get plenty of chances for us. We're pulling for him."

NAMES, RATHER THAN NUMBERS BACK ON TV

By CYNTHIA LOWRY
AP Television Radio Writer
NEW YORK (AP)—This season's successes, "Dr. Kildare" and "Ben Casey," apparently have kicked off more than a television trend for medical adventure series. They have returned to high favor programs named after their central character.

In recent years — ever since ABC's "77 Sunset Strip" had its initial, spectacular popularity — the numbers and address titles have been very much in vogue. We have "Surfside 6," "Cain's Hundred," "Route 66," "Car 54, Where are you?" "87th Precinct," and "Twentieth Century." We used to have "The Roaring 20s," and "Number Please."

But now it is changing. Among the shows scheduled for next fall are "Adam Fable," "Vive Judson McKay," "Our Man Higgins," "Dr. Z," and "Mr. Smith Goes to Washington." Proof positive of the new fashion in titles is the recent switch that changed a fall show, "333 Montgomery Street," into "Sam Benedict."

COAST ATTORNEY

"Sam Benedict," incidentally, is a story built around the real exploits of a San Francisco attorney, Jake Erlich, and will be shown in NBC's Saturday night line-up, 7:30-8:30.

CBS will be moving "Perry Mason" to Thursday nights come autumn to make room for Jackie Gleason's new series. But with the NBC show coming into Perry's old time period, lovers of courtroom dramas can stick to their established Saturday night viewing habits with only the extra effort of switching back to CBS for "The Defenders."

PEP PILL SHOW

This week's "Dick Powell Show," with William Bendix playing a heavy, quite obviously was one program that the producers hoped could be blown into a future series. Even before it was reeled to the home audience it had been an unsuccessful candidate for a Saturday night spot in NBC's fall lineup.

It wasn't much of a show — just another of those off-told adventure yarns purportedly based on official files, in this case those of the Department of Health, Education and Welfare, and the untimely television story out of the Hollywood mills about truck drivers and the illegal "pep pill" trade.

Recommended tonight: "Bob Hope Show," NBC, 8:30-9:30 (EST) — guest stars are Ethel Merman, Fabian, Maximilian Schell and Piper Laurie.

LITTLESTOWN — The Littlestown Homemakers will hold their March meeting on Monday at 7:30 p.m. at the home of Mrs. Anna Bair, near town. The program theme will be "Salads."

WILL DISCUSS DAMAGE SUITS AGAINST FIRMS

By LEE LINDER
PHILADELPHIA (AP) — A group of 25 federal judges meets today to write legal rules aimed at providing both speed and justice in nationwide handling of some 2,000 antitrust damage suits against America's biggest electrical equipment manufacturers.

Without some uniform procedure the cases involving billions of dollars could drag on for many years. One judge estimates 20 years.

The dockets of many U.S. courts already are clogged with hundreds of electrical damage suits that developed from last year's antitrust conspiracy convictions of 29 firms, including General Electric Co. and Westinghouse Electric Corp.

\$2 MILLION FINES

Fines of nearly \$2 million were imposed after 19 pleaded guilty and 10 others offered no defense to criminal charges of price fixing and bid rigging. Seven top executives were jailed.

Customers reacted quickly, filing big money suits to recover alleged overcharges for the transformers, generators, turbines, etc. — some purchased as far back as 1964.

Chief Judge Thomas J. Clary of Eastern Pennsylvania, in whose district here 153 cases already have been filed, said "unless something can be done to arrive at uniform procedures and to speed the trials it will be 20 years before the cases are finished."

MANY IN NEW YORK

He estimates conservatively that over 1,700 cases will be filed, with the likelihood 2,000 might be reached.

The judges meeting here are from districts where damage suits have been filed. The largest number — 408 — has been in the Southern District of New York.

Plaintiffs include the U.S. government, on behalf of the Tennessee Valley Authority, the Defense Department and other federal agencies. Also suing are various states, scores of cities and hundreds of power-making utilities from coast-to-coast, some privately-owned and some rural cooperatives.

SAY NFL WAS "EXPANDING"

BALTIMORE (AP) — Clint Murchison Jr., owner of the Dallas Cowboys of the National Football League, touched on a key issue of the American Football League's \$10 million antitrust suit Wednesday as he outlined the reasons behind NFL expansion in 1960.

The 38-year-old Texas financier told U.S. District Court Judge Roszel C. Thomsen, who is hearing the case without a jury, that the NFL's expansion into Dallas was moved ahead one year after the AFL announced plans to field a Dallas team.

He said this was done in order "to get off on even footing" with the rival AFL.

Murchison said he asked for a commitment about Dallas from NFL expansion chairman George Halas on Aug. 29, 1959, so "we could negotiate for the Cotton Bowl, and so we could disburse Lamar (Hunt) from starting a new league, which I felt he was doing because he thought there wouldn't be an NFL franchise in Dallas."

The AFL contends the older league expanded into Dallas just as the new league was preparing to launch a team there as a part of a plan to squeeze the AFL out of the professional football business.

Murchison testified that prior to the Aug. 29 announcement Halas said the NFL would expand from 12 to 14 teams in 1961. "He (Halas) was definite about expanding into Dallas and Houston," the Cowboy owner said.

Leo Nomellini, defensive tackle of the San Francisco 49ers, has played in 146 straight National Football League games.

WET WEATHER, SOME SNOW IN MANY AREAS

By THE ASSOCIATED PRESS

Rain and snow fell in many sections in the West and in a few spots in the eastern half of the nation today. Dry weather prevailed in most of the Midwest where rising rivers have caused some flooding.

The rain belt in the West covered the central and northern Pacific Coast areas, with showers and snow flurries in the northern Plateau and Rocky Mountain regions. Two inches of snow was reported in Burns, Ore. Snow flurries continued in the northern Plains and southern Rockies.

Rain and drizzle dampened areas in the upper Ohio Valley and eastward into the north and middle Atlantic Coast states and in central sections of Tennessee.

RIVERS OVERFLOW

Tributaries of the upper Mississippi and lower Missouri rivers spilled over their banks in parts of Missouri and Illinois. More than a score of families left their homes in the Libertyville, Ill., area north of Chicago as the Des Plaines River overflowed.

Two bridges across the swollen Illinois River in Peoria held firm against the battering of several barges which broke loose from their mooring Tuesday. River workers captured and moored seven of the 24 barges, mostly grain carriers of 40,000 bushel capacity. Authorities estimated damage to the bridges, two of five which link Peoria and East Peoria, at \$200,000.

Below freezing temperatures this morning were confined to northern areas in New England, the Great Lakes region and Mississippi Valley and in parts of Montana southward into eastern Utah and western Colorado.

SHOOTS WIFE, NEIGHBOR, SELF, CHILD

EMPORIUM, Pa. (AP)—A 27-year-old woodcutter shot a neighbor to death, killed his own wife and child and then committed suicide in his home near here Wednesday night state police said.

The triple murder and suicide took place in the Cameron County side of Gardeau, a community of about 30 houses, straddling the line between Cameron and McKean counties in northwestern Pennsylvania.

NO MORE DETAILS

Police said Jes Riffle knocked on the door of his neighbor, Sidney Long, 25, another woodcutter, about 7 p.m., and shot Long with a .22 caliber rifle when he opened the door. Then Riffle returned to his own home next door, police said, shot his wife, Bonnie, 17, and their 10-month-old baby, Roy, and turned the weapon on himself.

Long was believed to be a native of the West Virginia area.

Police gave no further details and said a motive has not been established yet.

President Has Shelter Problem

WASHINGTON (AP)—President Kennedy, who is urging a nationwide fallout shelter program, has a shelter problem right next door.

The basement of the Executive Office building, on the west side of the White House, isn't considered safe for a shelter in a nuclear emergency.

The old, gingerbread building once housed the State, War and Navy departments. Many of Kennedy's top aides are among the 1,200 federal employees who now work there.

George Vial, the building warden, says the big vaulted cellar might be fine for a shelter except for one thing—it's a maze of hot and cold water pipes. If a lot of people were huddled down there and the pipes burst, there could be a disaster.

So civil defense experts have done the best they can and marked off shelter areas on upper floors. These are in inner corridors, where the brick walls are thick and the doors strong.

BUSINESS IS SLOW IN JAN.

UNIVERSITY PARK, Pa. (AP)—Moderate over-all declines in Pennsylvania Business activity during January reflected the national trend, the Penn State University Bureau of Business Research reported today.

Severe weather may have been the primary cause, the report said, adding that "a substantial increase in economic activity in the state is not likely to occur until the national recovery regains the pace of the last quarter of 1961."

The analysis took note of declines in industrial output, retail sales, "and other major indicators."

"The eight-month period of falling unemployment," the bureau said, "ended in January when 440,000 persons were out of work, compared to 380,000 in December. Since the usual increase in January is less than the added 60,000 persons, the index of unemployment rose from 92 per cent to 98 per cent of the 1957-59 average."

STEEL IS UP

The report continued: "Steel production rose sharply for the second consecutive month, nearly reaching 2.5 tons. Steel output had not been as high since the early months of 1960. February production, according to more recent data, should be at about the same level as January, or perhaps down somewhat."

"The output of anthracite increased by more than 25 per cent although the expected seasonal change was very small. A longer working month accounted for only a part of the gain. Bituminous coal production rose seasonally."

An unusually large dollar volume of construction contracts was awarded in January, particularly for residential building."

REPLACES BUCKY HARRIS
PHILADELPHIA (AP)—Harry Pate, associate professor of physical education at Philadelphia College of Textiles and Science, has been named director of athletics and head of the department, it was announced Wednesday. He succeeds Walter (Bucky) Harris, who will continue as head basketball coach and become superintendent of buildings and grounds.

Crewmen On Missing Plane

These men are the pilot, copilot and flight engineer of a chartered Super Constellation missing in the Pacific with 96 military passengers and a crew of 11 aboard. Left to right: Capt. Gregory Thomas, 48, pilot, Red Bank, N. J.; Robert Wish, 48, Calabasas, Calif.; and George Nau, 33, flight engineer, of Pacoima, Calif. (AP Wirephoto)

These moppets are off to a party, and they look delectable in their dresses that will stay fresh and neat all day. White embroidered puff sleeves and a perky white yoke add effective detail to the bodice. Dresses are designed of a fifty-fifty blend of Eastman Kodak polyester and cotton fibers. They're from Tiny Town Togs.

CUT DUCKTAILS FOR DIPLOMA

ATLANTA (AP)—The Georgia Board of Education says a high school pupil must do away with his ducktail style haircut if he wants his diploma.

The board voted 7-1 to uphold a county school board which suspended a high school principal in suspending Stanley Sorrells, 17.

After the board's decision Wednesday, Stanley's father, Walter C. Sorrells, said, "This is not American."

Eric Staples, principal at Perry High School, had banned ducktail styles, calling them symbols of juvenile delinquency.

Thomas Nast created the symbol of the elephant for the Republican Party and the donkey for the Democratic Party.

Going Fishing?

High time it is for fresh water fishermen to polish their gear and refresh their knowledge of fishing lore.

"The Fisherman's Encyclopedia" casts away all caution and begins with a bold first chapter entitled, "How to Find Fish Anytime." Besides general articles on various aspects of the sport, the book also includes guides to identification of species and complete instructions for tying flies.

Larry Koller must be an expert for there are two books by him in a series on fishing. One is "The Complete Book of Fishing Tackle" which is profusely illustrated, picturing dozens of different kinds of rods, reels, hooks, lines and flies. What's more, he names the manufacturers of the various items. His other book is "The Complete Book of Fresh Water Fishing."

"Trout Fishing" by Dan Holland is an older book, but looks well thumbed, if that is any indication of its value. It ends with the homily that "Fishing isn't for fish, fishing is for fun."

The raconteur, Corey Ford, has set down some misadventures of fishing in a series of amusing stories entitled, "You Can Always Tell a Fisherman," which bears the subtitle, "But You Can't Tell Him Much."

There is a brand new book entitled "North American Game Fishes" by Francesca LaMonte. It is a guide to fresh and salt water game fish. This book is purely for identification and looks most authoritative and definitive. The jacket says that it is bound in special water-resisting fabric, presumably so that it can be taken right into the creek.

There are other books in the Library, pertaining particularly to salt water fishing, but that is another season.

WISOTZKEY IS RE-ELECTED AS PTA PRESIDENT

Sterling J. Wisotzkey was re-elected president of the Littlestown Jointure Parent-Teacher Association when the monthly meeting was held Tuesday evening in the general purpose room of the Rolling Acres Elementary School.

Others elected to office were: Armand Prosperi, first vice president; Mrs. Harry Weisel, second vice president; Mrs. Fred W. Hartlaub, secretary, and Mrs. Robert R. Reinaman, treasurer.

President Wisotzkey presided for the meeting which opened with the invocation by Rev. G. Howard Koons, pastor of Christ United Church of Christ. Reports were given by Mrs. Clair Bowers, retiring secretary, and Mrs. Elwood Breighner, retiring treasurer. The attendance banner was awarded to the First Grade taught by Mrs. Jacqueline Grenier.

ADULT PATROL DROPPED

The adult patrol which had been under discussion was tabled for the remainder of the term and every effort will be made to bring this project to realization for the beginning of the 1962-63 term in September. President Wisotzkey appointed Frank E. Basehor and Herman Newman to serve as an auditing committee. It was announced that the annual senior class play, "Honey in the Hive," will be presented at 8 p.m. on March 30 in the high school auditorium. The junior high concert will take place on April 7 and the senior high concert on May 12. The Rolling Acres musical will be held April 13 and the Maple Ave. School musical on May 4.

The March program was entitled "S plus 4W, meaning science plus four years. The program chairman, George E. Hornberger, showed a film, "The United States Air Force Ballistic Missile and Space Program," which concerned the mechanics, the building of and preparations for the missile program.

The final meeting of the PTA of 1961-1962 term will be held Tuesday, April 17. The theme of the program will be "What and How to Play." Mrs. Kay C. Sentz, girls' physical education and health teacher at the junior-senior high school, will be in charge of the program.

Refreshments were served during the social hour following the March program.

SPEAKER FOR ROTARY

The Littlestown Rotary Club held its weekly dinner meeting Tuesday evening at Schottie's Hotel, when the guest speaker was Walter E. Landmesser, recently retired from the position of general sales manager of the York Division of the Borg-Warner Corporation. He spoke to the Rotarians on "The Votal Prescription for Better Business," emphasizing R for right, M for mental and A for attitudes. Mr. Landmesser was introduced by Howard A. Daum, acting chairman of the program committee.

Theron W. Spangler presented a banner from the Gulf Beachers Club, Florida, which he visited recently and to which he presented a banner from Littlestown. Guests in attendance were William Krieder, York; Dean W. Bankert and Kent E. Daum, of town. It was announced that the annual conference of District 739 will be held in Lancaster on April 29 and 30.

At the board meeting it was de-

cid-1 to change the April 10 meeting to April 12, when the Rotary and Lions Clubs will be hosts for the all sports banquet of the local high school to be held in the school cafeteria. Conference delegates appointed were Clyde W. Crouse and Howard A. Daum, with Charles E. Rabenstein as alternate.

The regular meeting of the Rotary Club will be held next Tuesday at 6:15 p.m. at Schottie's. The program will be in charge of the international service committee, composed of Theron Spangler, chairman; Cloy I. Crouse, Walter F. Crouse, Paul E. King, Paul R. Snyder, Howard A. Stonesifer and John D. Thrush.

MATERIALS FOR ROAD BUILDING GET RIGID TEST

Flow and setting time of hundreds of barrels of cement that go into the construction and maintenance of state highways are determined by a simple process in the Department of Highways Bureau of Materials Testing and Research at Harrisburg.

Samples of cement, hundreds of them, are received periodically from cement mills in the east and carefully identified as to source, batch number and other statistical data. Technicians mix the samples with a measured quantity of water and mold the cement into a resemblance of a small cake. The mold is then permitted to set for a period of from 100 to 104 minutes. A needle-like instrument is inserted in each mold and the exact time of setting, or hardening, is determined.

DO RESEARCH TOO

While all cement looks alike, there are scores of variations in color, density and flow ability in the product. The simple test is one way that the department uses to safeguard the quality of this basic road building material.

Sand and cement is one of five laboratories operating in the facility. The others are chemical, asphalt, soils and physical. Research experiments are carried on by engineers in addition to testing of samples of materials submitted to make sure they meet rigid specifications required by the department.

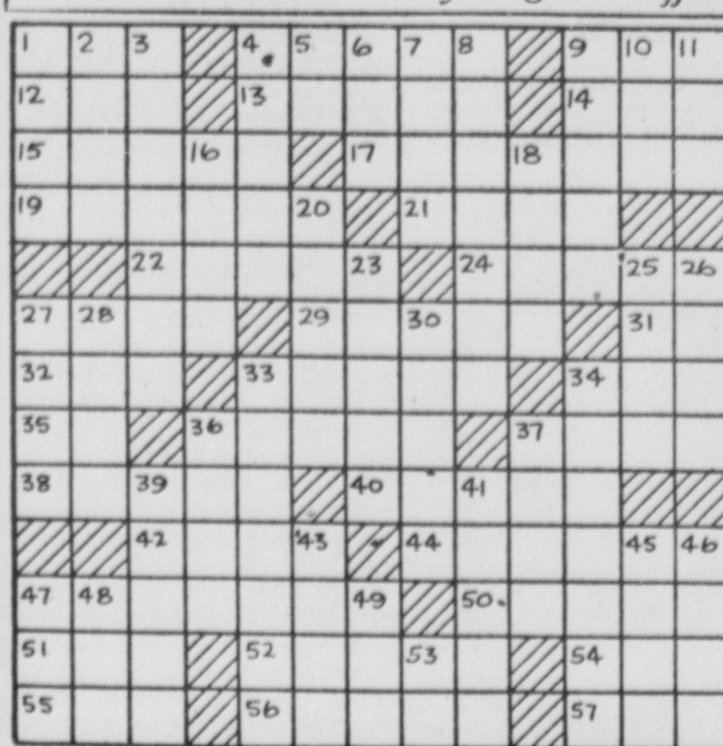

The large building where all this vital work takes place is full of surprises for the uninitiated. In the cement testing section, for example, a large room is equipped with special equipment including a fog spray to maintain proper temperature and humidity. During sweltering days in midsummer, bureau personnel working in this room, where the temperature is a constant 73 degrees and humidity 55 per cent, are probably more comfortable than anyone else in Harrisburg.

TOUGH TESTS

In the physical "lab," there is a gigantic compression machine with a capacity of 400,000 pounds of test. This can tear thick steel cable apart as though each strand were made of string. Steel bars are smashed as though they were broom straws. Such testing determines tensile and structural strength.

The visitor might find a zero temperature in the freezing chamber of the physical "lab," where concrete cylinders and pipe are tested for resistance to freeze and thaw conditions. Another fascinating piece of equipment is the Los Angeles abrasion machine. Within this steel barrel device, a series of

OVENS AND BATHS

Ovens and baths are utilized for asphalt testing in the asphalt "lab" to ascertain viscosity, penetration and specific gravity of the substance.

Storage batteries for state-owned cars and trucks are tested for endurance and performance in the chemical laboratory, and interesting experiments are routine in the soils laboratory.

This 48-year-old auxiliary of the department plays a key role in development of the commonwealth's 42,000 mile highway system.

NEW YORK (AP) — The Prohibition Era's famous team of enforcement agents, Isadore Einstein and Moe Smith, are the central figures of a musical show headed for 1962 Broadway debut.

The pair was noted for its infinity of disguises and comic antics in the interests of law enforcement. The book for the show has been written by James Lipton with music by Sol Berkowitz.

The first move, of course, is yours. You come to Jack A. Newport, manager of Wolf's New Home Department, and tell him about your hopes and plans for a new home of your own. The second move, and the hundreds of moves that follow, are mostly Jack's.

Here are just a few of the things he'll do for you:

- Help you decide what you can afford to spend
- Help with house plans and specifications
- Arrange financing for you
- Obtain construction money for you
- Help to select a capable contractor
- Assure you of getting the most house for your money, with good sound construction

There are many other steps between your first meeting with Jack and the time he'll be inspecting the foundation of your home (as he is pictured above). With Jack's help, though, you'll find your new home progressing smoothly and rapidly.

The couple discussing their plans with Jack in the small picture above can have construction of their home under way within weeks. In just a few months they'll be able to move into their completed home.

So will you, if you dial ED 4-2117 now and ask for Jack Newport. He'll discuss your plans with you at your convenience. There are, of course, no costs or obligations.

HIGH TIDES, STRONG WINDS SCARE JERSEY

ATLANTIC CITY, N.J. (AP)—High tides and strong winds gave New Jersey another storm scare Wednesday night, but little damage was reported.

The Weather Bureau here said tides this morning would be about two feet above normal and cause "spotty, shallow" flooding in some areas that were washed out in the big blow of March 6-8. Clearing skies and northerly winds at 20 to 30 knots were forecast.

This latest storm to hit the battered South Jersey coast was blowing out to sea, the bureau said.

State police said this morning that Wednesday's rain, 40 m.p.h. winds and high tides caused some flooding and minor damage.

The storm reopened one of the channels cut by the seas across Long Beach Island and isolated Holgate at the southern tip. Damage to roads on the narrow island off Ocean County—probably the hardest hit area in the earlier storm—was reported.

"WORST IS OVER"

However, by 9 p.m. the Weather Bureau had declared that "the worst is over."

There was flooding in Ocean City at high tide, but none occurred at such battered communities as Sea Isle City, Brigantine, Avalon and Wildwood.

Brigantine was open to the public Wednesday for the first time since the March 6-8 flood, which caused \$80 million worth of public and private loss in the state.

In many coastal towns the heavy rain delayed cleanup work. More than an inch of rainfall was recorded by the Weather Bureau.

The task of clearing roads and bridges along the coast is expected to be completed by mid-April, according to an estimate made by Highway Commissioner Dwight R. G. Palmer Wednesday.

ALERT RED CROSS

The storm warning, which extended from Rhode Island to North Carolina, set off a Red Cross disaster alert.

More than 200 Red Cross disaster nurses and workers stood by in New Jersey, Delaware, Maryland, New York, and Virginia.

At Strathmere, the Cape May County Civil Defense evacuated 50 persons as a precautionary measure. They were to return today from a shelter in the Upper Township Elementary School at Marmora.

At West Wildwood a shelter to accommodate 100 persons was set up, but didn't have to be used.

RESERVES WERE LEFT IN DARK

PITTSBURGH (AP)—Failure to make clear why the men were called was the main reason for the confusion and resentment of Reservists and National Guardsmen activated in the Berlin crisis, says the commander of the 21st Army Corps.

Maj. Gen. Stanley R. Larsen said Wednesday night "the American soldier needs to be told why." He added that failing to make clear to the men why they were called up was a serious mistake but "an honest one."

Addressing a meeting of the Fort Pitt Chapter of the Association of the United States Army at the University of Pittsburgh, Gen. Larsen said the call-up was a partial mobilization whereas the original reserve setup was designed for total mobilization.

PSYCHOLOGICAL BEARING

He cited five other reasons for the confusion and resentment. They were:

1. Men were assigned to unexpected posts. Many presumed they would be sent to camps they had spent summer reserve training. This had a psychological bearing on their morale.

2. Confusion in alerting personnel.

3. Alerting personnel who then were not called up, resulting in unfavorable reaction on both those called and those not called.

4. Shortages of training equipment.

5. The usual problems in adjusting to military life.

However, the general commented:

"There were certain rough edges but if the balloon had really gone up, I think our system would have worked very, very well."

Gen. Larsen commands all Army Reserve units in Pennsylvania, Maryland, Delaware and Virginia.

SENTENCED ON MURDER CHARGE

HARRISBURG (AP)—A 37-year-old Harrisburg tailor was sentenced to 13½ to 27 years in prison Wednesday on charges of kill-

ing a 7-year-old boy and attempting to kill his mother.

The tailor, Lenois Jackson, drew a 10-20 year maximum sentence for second degree murder in the shot-gun slaying of Douglas Johnson last Dec. 12.

A 3½-7 year sentence was added after Jackson was convicted of assault with intent to kill in the wounding of the youth's mother, Mrs. Anna Frances Jackson.

Separate judges participated in the sentencing because Jackson

was convicted at two different trials.

Through both trials, Jackson claimed he only meant to scare Mrs. Johnson, not shoot her. The two testified they had been seeing each other since 1959.

It marks the second time in 14 years Jackson has been convicted of second degree murder. He was sentenced to 10-20 years in jail in 1948 on charges of killing his wife in Tennessee. However, he was placed on parole in 1958 and taken off parole two years later.

Fight Results
Wilkes-Barre, Pa.—Vernon Lamar, 157, New Brunswick, N.J., knocked out Francis Church, 155, Chester, Pa., 2.
Vienna — Laszlo Papp, 159½, Hungary, outpointed Ralph (Tiger) Jones, 157½, New York, 10.

Criticism Of Chiang's War Effort Shown In 1943 Papers

By FRITZ WITTI

WASHINGTON (AP) — Documents voicing criticism of the war effort of Nationalist Chinese President Chiang Kai-shek are among the long secret China papers of 1943 released by the State Department.

The 901-page collection also includes a 1943 report to President Franklin D. Roosevelt by Maj. Gen. Patrick J. Hurley, who had gone on a special mission to China where he talked with Chiang and U.S. and Chinese military leaders.

Officials said publication of the World War II papers was held up for at least five years because their release might prove offensive to Chiang, now on Formosa.

Although there was no immediate official comment from Formosa on the papers, made public Tuesday night, some Chinese Nationalists questioned the wisdom of the publication.

THOUGHT UNWISE

Prominent Chinese newsmen in Taipei said they thought it unwise to release the papers at a time when the Chinese Nationalists are talking of a comeback against Communist China.

U.S. Ambassador Everett F. Drumright has resigned and returned home from Formosa for undisclosed reasons, but presumably due to opposition to release of the papers.

Hurley's report said that on the whole, Chiang and the Chinese people favor democracy and would follow Roosevelt's leadership. But, he said, the Chinese central government gave importance to "conserving its strength for maintenance of its postwar internal supremacy as against the more immediate objective of defeating

Japan."

WITHHELD AID?

Hurley was mentioned during hearings of the late Sen. Joseph R. McCarthy R-Wis., when it was charged that the State Department and some of its representatives in China during World War II had been responsible for withholding aid and handing China over to the Communists.

In August 1944, Hurley became Roosevelt's personal representative in China and in December of that year he became U.S. ambassador there.

Chiang's policies were criticized directly by John Patton Davies Jr., a diplomat fired by the late Secretary of State John Foster Dulles in 1954 on grounds that he lacked "judgment, discretion and reliability."

"FIGHTING ALLY"

Davies, who said on his dismissal that he would be "content to let history be my judge," told U.S. Ambassador to China Clarence E. Gauss in a March 9, 1943 memorandum:

"China's policy is to remain technically in the war so as to be able to sit at the peace table as a 'fighting' ally, to expend as little of its strength as possible and to rely on other members of the United Nations—primarily the United States—to defeat Japan."

George Atcheson, in charge of the U.S. Embassy in Chungking during the absence of Ambassador Gauss, warned in August 1943 that the possibility of some kind of compromise between China and Japan could not be completely disregarded.

He said this was "because of anti-Western bias of the generalissimo, Madame Chiang and a widespread suspicion in Chinese government circles that Great Britain will not, after the crushing of Germany, devote her naval and other resources wholeheartedly to the defeat of Japan, thus making a compromise peace between the Anglo-American allies and Japan probable."

BETHPAGE, N.Y. (AP)—Robert Hughes, 12, and a group of his pals found a concrete pipe—a 9-foot-long section that rolled like a log when you got it going. Making like a lumberjack, Robert mounted the pipe and tried to remain atop it. He failed, and died as it rolled over him.

GENOA, Italy (AP)—British actor Rex Harrison and actress Rachel Roberts were married in a civil ceremony in the Genoa town hall Wednesday.

NEW YORK (AP)—Thirty-six premature babies—some of them in incubators—were evacuated from a ward on the top floor of Kings County Hospital in Brooklyn when a fire broke out on the roof Wednesday.

The infants were kept in corridors until firemen extinguished the fire, of undetermined origin.

REHOBOTH IS HARD JOB FOR U.S. ENGINEERS

By JOHN KOENIG JR.

Associated Press Special Service WASHINGTON (AP)—Army Engineers regard Rehoboth Beach, Del., as one of their most difficult problems in rehabilitation of Atlantic Coast resorts smashed by the big storm of two weeks ago.

Col. Robert C. Marshall, assistant director of civil works for the Army Engineers, said complicating the situation is that the beachfront's protective layer of sand at the old waterline is gone. The water's edge now is located at the site of the demolished boardwalk and the storm-smashed boardwalk private properties.

The big decision that must be made, he said, is whether to try to restore the former beach and old approximate water line or surrender the old line to the sea and accept a new one, possibly behind the old boardwalk.

MOVE INLAND

This would mean, Marshall said, moving many present boardwalk and beachfront properties inland with a consequent loss of taxes to the city.

Acting under emergency powers the Army Engineers are now constructing new synthetic sand dunes at Atlantic beaches smashed by the storm.

This work was reviewed Tuesday by Marshall and Maj. Gen. William F. Cassidy, director of civil works for the Army Engineers, in a meeting with federal officials and congressmen from four coastal states in the disaster area.

TEMPORARY RELIEF

Cassidy emphasized that the work is regarded as providing only temporary relief so that a repetition of the recent big storm would not again cause widespread disaster.

At the meeting, held in the office of Rep. Harris B. McDowell, D-Del., Eugene J. Quindlen, relief director for the Office of Emergency Planning, said he believed the \$35 million storm relief proposed by President Kennedy should be sufficient for the shore disaster areas. He said initial estimates of damage in such cases often run above what the actual cost turns out to be.

CAN'T EVADE EXTRADITION

STAUNTON, Va. (AP)—A Virginia judge has refused to grant a writ of habeas corpus to Page R. Blakely Jr., wanted in Pennsylvania for carrying a pistol without a permit.

Judge William S. Moffett Jr. of Augusta County Circuit Court entered his ruling this morning. He had heard arguments on the request for the writ Tuesday.

C. M. Elder, attorney for Blakely, said he would appeal Moffett's decision to the Virginia Supreme Court. Blakely's bond was increased to \$6,000 pending the appeal.

During Tuesday hearing Blakely's attorney contended Pennsylvania had an ulterior motive for seeking Blakely's return. But the Virginia attorney general's office said it knew of no ulterior motive.

Mild End For Tough Winter

A winter that will long be remembered as one of the most dreary in recent years ended Tuesday with temperatures at a balmy 60 degrees.

Snowfall began at 9:30 o'clock Tuesday evening and the first spring showers began during the night while the temperature dropped to 39 degrees.

Snowfall here during the winter

has totaled 41.6 inches and will probably leave the winter of 1961-62 considerably short of the 68 inches of last winter which set an all-time record. However it was seven inches of spring snow in 1961 that pushed the season's total to a new record high.

The winter just ended has been one of the coldest in recent years although zero was the lowest reading taken at The Gettysburg Times weather station. December, January and February were colder than normal and February of this year was much colder than the same month of last year.

Snowfall totals for this winter include: November, 3 inches; December, 10; January, 1.5; February, 14.6, and 12.5 so far in March. It was the 12-inch snowfall of early this month that will be longest remembered in the winter just ended. It closed roads and schools, cut off power to most of the county for hours and to many homes for several days while thousands of telephones were put out of service.

Tuesday's high of 60 degrees was next to the warmest day recorded here so far this year. A

Ambassador's Wife Puts In 16-hour, 7-day Work Week

By MILTON MARMOR
LONDON (AP) — If you've ever envied the seeming luxury and ease of a diplomat's wife, borrow Mrs. David Bruce's daily calendar and have a good shudder.

The working hours: 16 daily. The week: 7 days.

It may be that the wife of the American ambassador to the Court of St. James — and mother of three children — gives it a bit harder try than most. And that may also be why she is regarded in the diplomatic world as "the perfect ambassadress."

Mrs. Bruce, now in her early 40s, was cut out for her job from birth. She was the daughter of a foreign service official and, from the very beginning, her life has been one diplomatic whirl.

THEY'RE A TEAM

Nature, too, has favored her with the necessary attributes — a sparkling intelligence, good looks, gracious manner and a likable attractive personality.

The David Bruces came to London from Bonn and Paris where he served as ambassador. They were quickly described by the British press as one of the best husband and wife teams in the diplomatic corps.

GIVES RARE INTERVIEW

The Bruces' three children are at school: Alexandra (Sasha), 15, at St. Timothy's in Maryland; David, 13, at Groton in Massachusetts; Nicholas, 10, at Colet Court School in London.

In Winfield House, the mansion that is the American embassy residence here, Mrs. Bruce gave one of her rare interviews recently.

She was born Evangeline Bell in London, she said. Her mother was an English girl who married Edward Bell, an American foreign service officer in the embassy here.

"When I was a child, we went to Japan and then to China. Peking was wonderful. My father died later and we lived for some time in Paris and Rome," she said.

Her mother then married a British ambassador, since retired, and they kept journeying through the embassies of the world — Sweden, Holland, Switzerland, Japan.

The girl then went to Radcliffe at Cambridge, Mass. When the war came, she went to work in the Washington headquarters of the Office of Strategic Services (OSS), wartime intelligence outfit.

There she first met David Bruce.

"Col. Bruce interviewed me, among new recruits, and thought I would be unsuitable for the OSS," she recalled. He thought, she added, that she would be more suitable for the Office of War Information (OWI).

She first served in OWI, but later joined OSS in London. She again met Bruce and with the end of the war they were married in Boston.

OUTLINES DUTIES

How does she compare her task in the different capitals?

"I have never been in any post that is in the least comparable with another post," was the diplomatic reply. She conceded that the duties were similar.

Mrs. Bruce outlined her duties in as large an embassy as London: "A typical day is made up of the usual, unrelated patchwork quilt of duties that are most women's. It might consist of a certain amount of housekeeping, planning for entertaining, getting in touch with other embassy wives in connection with a variety of things — local welfare schemes, looking after newcomers to the official family, calls on, or from, wives of other chiefs of missions."

There are, of course, the endless luncheons, receptions and dinners.

"We're practically never alone for a meal," she said.

"Our day starts at 8 a.m. and rarely are we in bed before midnight. It's a seven-day week, you know."

SUPERVISES MEALS

In her ceaseless entertaining, Mrs. Bruce seeks to give an American atmosphere. "This can be nothing more than an attitude," she explained.

She supervises the menus at luncheons and dinners, but she leaves the choice of wines to her husband who is a connoisseur.

2. Organization of a worldwide weather observation service using satellites.
3. Organization observations, both radio and optical, under a joint program of objects launched in the direction of the moon, Mars, Venus and other planets.
4. Pooling of efforts in the study of the physics of interplanetary space and celestial bodies.

His letter replied to the President's letter of March 7 calling for space cooperation.

DISCUSS ISSUES

Khrushchev said Soviet representatives in the U.N. space committee would be instructed to meet the U.S. representatives "to discuss practical problems of cooperation in exploration and peaceful uses of outer space."

Khrushchev went on to express satisfaction that his own proposals for space cooperation made in February "met the necessary understanding on the part of the United States government."

Actually, the Soviet Union had already told the U.N. Committee on Peaceful Uses of Outer Space it would help set up an international communication system using artificial satellites.

This assurance by Soviet Delegate Platon D. Morozov was made in New York Tuesday.

TECHNICAL PROJECTS

Morozov told the 28-nation committee Soviet scientists believe space research had reached the stage where artificial satellites can be used for telecommunications and that the scientists would take part in preparing technical projects along that line.

Morozov also urged international agreement on giving aid to astronauts who might make forced landings on foreign soil. He also asked that legal agreements be

concluded for return of artificial satellites that might come down on the territory of another state.

Khrushchev's letter, however, made it clear that the key to agreement on space cooperation would be the conclusion of a disarmament treaty.

He pointed out that rocket techniques for research rockets and missiles were similar.

"At the same time it is clear to me that the scale of our cooperation in the peaceful mastery of space as well as the choice of direction of such cooperation would appear to be possibly to a certain degree connected with the solution of the disarmament problem," Khrushchev wrote.

REDS AGREE TO CO-OPERATE IN SPACE EFFORT

MOSCOW (AP)—Soviet Premier Khrushchev sent a message Wednesday to President Kennedy agreeing to cooperate in exploring space.

He said immediate cooperation was possible in the use of artificial satellites for long distance communication.

Further he proposed close cooperation in the use of space ships in weather forecasting.

The message was read over Moscow Radio.

Kennedy had proposed to Khrushchev that the two powers cooperate in various space programs such as communications, the tracking of satellites, weather research and the measuring of the earth's magnetic field.

MOON ROCKETS

The Soviet premier said it was "desirable to have an international agreement" to bring closer cooperation in use of space ships and particularly in giving greater security to astronauts.

Khrushchev suggested the two nations get together in launching observation rockets to the moon and planets.

His letter said all countries should have equal opportunities for space exploration. Therefore, the Soviet government suggested

lessons in Japan, went to the kabuki theater there, and can converse eagerly about Oxford philosophy or art.

SHE'S BEST DRESSED

As has happened frequently before, Mrs. Bruce this year was listed among the world's best dressed women.

"Nearly everything was bought at home, mostly ready-made in America. I did get some ready-made clothes in England. And last year I got two things from Paris, from Nina Ricci and Balenciaga."

Mrs. Bruce spoke highly of the taste of the President's wife in clothing.

"I think Mrs. Kennedy is always the perfect advertisement of American fashions, and we're all grateful to her."

GRABBERS AND WAITERS

CAMBRIDGE, Mass. (AP) — Do you pass up small pleasures now to enjoy bigger ones later? The Harvard University Center for Research in Personality is studying this subject — the ability to delay gratification.

Tests with children indicate a majority will grab a bag of candy immediately rather than rely on a promise of double that amount if they wait a week.

Dr. Walter Mischel, who heads the project, says people can train themselves to delay taking something favorable immediately in order to gain something more desirable later on. However, he adds, not every adult gives himself this training.

There are, of course, the endless luncheons, receptions and dinners.

"We're practically never alone for a meal," she said.

"Our day starts at 8 a.m. and rarely are we in bed before midnight. It's a seven-day week, you know."

plan youth fitness diet

Plan goes to work for the young, overweight person, who can't resist "second helpings" and between-meal snacks.

There's nothing like a queen in her teens to turn heads. But . . . weight has a way of catching up with teen-agers. So Plan has a sensible program for this group. With it, you eat. Eat a big breakfast (or drink a can of Plan); eat a hearty meal with your family at night. And at noon, eat the balanced school luncheon, or just one sandwich. But cut out second portions and candy bars between meals. When you get hunger pangs, drink Plan for added energy and nutrition. Plan gives you the pep and good looks that only come from good nourishment.

Don't snack . . . drink Plan. You will shape up handsomely!

Plan comes in a handy 4-Pack and costs less than a dollar. Ask Mom to get enough 4-Packs to give your YOUTH FITNESS DIET a fair test. It works wonders for boys as well as girls.

TAKES PEEK AT BEHAVIOR OF MANKIND

By THE ASSOCIATED PRESS

A peek at behavior and a powder for atomic warning are subjects for science at work:

TAKE A NOTION

Ever wonder what it is that makes you pick up that box of cake mix in the supermarket and absent-mindedly drop it in your shopping cart, although you have two boxes on the shelf at home?

Could be you're hungry, and the message is finally getting through your subconscious.

In fact it appears that many of our subconscious moods and drives may begin at the stem of the brain in some sort of partnership of electrical and chemical action.

Experiments, described in this month's Scientific American magazine, indicate that an animal's behavior can be manipulated by electrical stimulation of the brain.

Chickens, with electrodes in their brains, can be made to peck, flee, or vocalize, by electrical stimulation, the article explains.

This sort of study may help man understand his own behavior.

World Faces Troublesome Times In Algiers, Geneva, Guatemala, Argentina, Etc.

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — Compared with the olden days — when men never heard of a barber and communicated with clubs — this is a civilized world, although a man from the olden days might doubt it.

Modern man, unlike his long-haired ancestor, can read, wears clothes, and lives in a house. This is quite a lot of progress in 50,000 years, if you never lived in a house.

He discusses philosophy and the rule of reason, if not as a fact at least as a theory; he is proud of his system of jurisprudence which he says enables him to live by the rule of law, more or less.

HAS MORAL CODE

He has a moral code which makes him feel good — except when it gets too inconvenient to be observed, and a trained respect for the rights of others — except when he forgets about it.

He also trusts his neighbor, although not completely, and keeps a few instruments handy to protect himself, as he says, like jets, tanks, rifles, pistols, night sticks, brass knuckles, knives, bayonet, flamethrowers, germ spreaders, plastic bombs and nuclear bombs.

There are some days, practically every day, when a man from the olden times might think it was safer back in the woods where he used to lie in wait for anything

that moved.

SPRING ARRIVES

Tuesday was one of those days, although it was rather mild, the first day of spring.

Still, it was a good example of man's boundless enthusiasm for the no-nonsense way of getting things done. There were much better days this past year. There will be even better days ahead.

In Algeria, two days after the Moslem rebels and the French government had agreed on a cease-fire to eight years of war, Moslems, Europeans and French security forces blazed away at one another, leaving death and blood in Oran.

All three sides probably knew, as they slaughtered one another, that this was as mild as a table tennis game compared with what's coming when the assassins of the French secret army hit their stride.

AT GENEVA

At Geneva the United States and the Soviet Union, which have enough missiles and nuclear bombs to make the world look like a piece of bread that is left in the toaster too long, still couldn't agree.

What they couldn't agree on was some way of not demonstrating the weapons which have them both scared half silly.

Along the shores of the Sea of Galilee, best remembered for the Man who preached love and peace in that neighborhood, Israelis and Syrians discussed their

problems with guns, planes and gun-boats.

IN HAVANA

In Havana, Prime Minister Fidel Castro, not busy enough trying to find food for his rationed Cubans, let it be known he's going to bring to trial those captured rebel Cubans who tried to invade him last year. He has 1,000 of them.

The war was still going on in Laos; government troops and Communist guerrillas were fighting to the death in Viet Nam.

In Guatemala police and government troops had just finished, at least temporarily, clubbing students and others who wanted to throw out their highly conservative government.

Perhaps the brightest note of the day came from Southeast Asia. There the President's wife, Jacqueline Kennedy finished a nine-day tour of India and set off for Pakistan. For the sake of American relations, she had to visit both of them.

India and Pakistan don't get along at all. And there's no sign they will unless what happened Tuesday is an indication that there are times when they can cooperate.

That was an announcement they will cooperate in making war on locusts.

KEY WEST, Fla. (AP)—The Castro regime has put teeth in its new rationing laws by decreeing five years imprisonment for any unauthorized person caught butchering cattle.

The action was taken Tuesday night by the Cuban Council of Ministers, Havana Radio announced. Those who sell or transport the illegal meat will get three years, the broadcast said. Those who buy it will serve one year

Emmitsburg

MRS. RALPH LONG HI 7-2231

EMMITSBURG — The New Frontier Democratic Women's Club of Emmitsburg met in the VFW Auxiliary room Monday evening with 30 members present. Mrs. Jane Bollinger, president, presided. Mrs. Jane Nolan, introduced the following candidates who spoke briefly: George P. Mahoney, candidate for governor; Senator Samuel Barrick, candidate for attorney general; Blair Lee III, candidate for U. S. senator, and Carlton Sikes, candidate for congressman at large. The local club will hold a family picnic at Manor Park, Thurmont, on August 5.

Mrs. Hazel Topper, chairman of the ways and means committee, reported that the club cleared \$161.80 from the recent card party. The membership chairman from Thurmont, Mrs. Patricia Weddle, introduced a new member, Mrs. Annabelle Taylor. The next meeting will be held April 9.

Mr. and Mrs. Sterling Hemler and family, Oxford, Pa., spent the weekend with Mrs. Hemler's mother, Mrs. Ella Hemler.

Mr. and Mrs. Charles E. Shorb were dinner guests of their son and daughter-in-law, Mr. and Mrs. Charles B. Shorb, Sunday. The occasion marked the birthday of Charles B. Shorb.

Mr. and Mrs. Donald Mathews and family, Springfield, Ohio, visited with Mrs. Mathews' parents, Mr. and Mrs. C. G. Frailey, over the weekend.

Mr. and Mrs. Donald Stoner and Mr. and Mrs. Robert Topper visited on Sunday with Mr. and Mrs. Rodgers Topper and daughter, Mt. Airy.

Francis Seiss, Washington, spent the weekend with his brother-in-law and sister, Mr. and Mrs. Paul Eckenrode, and son.

Mr. and Mrs. Paul Sherwin and family visited with their daughters, the Misses Martha Jane and Alice Ann, in Washington on Sunday.

Girl Scout troops of Thurmont and Emmitsburg, which comprise Neighborhood V of the Frederick County Girl Scout Council presented a program entitled "Know Your Neighbors Through Dimes for Daisy" Monday evening at 7:30 o'clock in the Emmitsburg High School auditorium. The program included invocation by Rev. John C. Chatlos, pastor of the Incarnation United Church of Christ, Emmitsburg; March of the Flags of Many Nations, flag bearers: American flag, Elizabeth Wildhide; World flag, Dorothy Humerick; Chile, Susan Keepers; Brazil, Jackie Balmer; Peru, Sandra Fink; Honduras, Joyce Valentine; Mexico, Dale Elder; Argentina, Linda Wastler; Bolivia, Jeanne Myers; salute to the flag of the United States of America by the entire group; singing of one verse of "My Country 'Tis of Thee" with Harriet Harner, pianist; greetings by the neighborhood chairman, Mrs. John C. Chatlos; brief programs on the following countries: Mexico, Intermediate Troop 72, Emmitsburg; Honduras, Brownie Troop 80, Thurmont; Colombia, Brownie Troop 92, Emmitsburg; Bolivia, Senior Troop 88, Emmitsburg; Chile, Intermediate Troop 91, Emmitsburg; Argentina, Intermediate Troop 90, Thurmont; Brazil, Brownie Troop 71, Emmitsburg; Peru, Brownie Troop 48, Thurmont; presentation

DENY APPEAL OF CONVICTED JOHN BUTLER

PITTSBURGH (AP) — Judge Herbert P. Sorg of U.S. District Court has denied the petition of convicted slayer John Butler of Girardville for a writ of habeas corpus.

Judge Sorg further directed that his order of Feb. 8, 1962, staying all proceedings in connection with the execution of sentence of the state court be vacated as of April 2.

Mrs. Marjorie Matson, counsel for Butler, said she will appeal to the 3rd Circuit Court of Appeals Judge Sorg's ruling "just as soon as we can process it."

In his opinion, Judge Sorg said: "After a thorough examination of the entire record, careful reading of briefs submitted and the hearing of extensive arguments of counsel, this court has concluded that no useful purpose would be served by further hearing as to the facts involved."

Butler, 33, had been scheduled to die in the electric chair the week of March 5 for the pistol-slashing of Northumberland County Sheriff James Lauer near Pittsburgh on May 27, 1959.

Lauer was shot with his own pistol while transferring Butler to Western Penitentiary in Pittsburgh from Northumberland County to finish serving a term for armed robbery.

An Allegheny County Criminal Court jury convicted Butler on May 20, 1960 and recommended the death penalty.

In her petition for the writ, Mrs. Matson had charged that Butler was denied certain constitutional rights during his trial.

To these was added the name of H. Stuart Hughes, 45, grandson of the Republican nominee for president in 1916. Hughes is a professor of history at Harvard.

GUATEMALA (AP)—President Miguel Ydigoras appeared Wednesday to have weathered a student-led attempt to topple his conservative regime.

The University Students Association abandoned street-fighting tactics after anti-government demonstrations that left more than a score dead.

Hoffa Scores Indictments Against Him And Boasts Of Million-Dollar Operation

By NORMAN WALKER
Associated Press Labor Writer

WASHINGTON (AP)—James R. Hoffa said today the Teamsters Union he heads has become a billion-dollar operation and is doing fine despite a barrage of indictments against him and his fellow officials.

Hoffa, back from his latest bout with the courts, was interviewed on the maze of federal court actions brought against key Teamsters leaders in cities from coast to coast alleging fraud and violence.

"There is no question the government is spending millions of dollars of the taxpayers' money to satisfy Bobby's (Atty. Gen. Robert F. Kennedy's) vendetta," Hoffa said. "It's costing us money for defense against these charges that we could use for collective bargaining and other union purposes."

THREE-YEAR PROBE
"And what has the government come up with? Nothing."

Government prosecutors obviously think otherwise. A steady return of Teamsters indictments began when Kennedy, former chief counsel of the Senate rack-ets committee which investigated the Teamsters affairs for three years, became attorney general. Hoffa said he knows more than two dozen grand juries are delving into Teamsters matters.

Hoffa minimized one indictment after another, and expressed confidence he will be freed from the 16-count mail fraud indictment pending against him at Orlando, Fla. This alleges that Hoffa and a Detroit bank official misused \$500,000 of Detroit Teamsters funds in a Florida land development deal.

TWO-MONTH RESPITE

"Nobody got defrauded out of a quarter," Hoffa said. "So where in the hell is the problem?"

"Stories about the Orlando case make it look like Hoffa put \$500,000 in his kick. Which ain't bad if you can do it—but I didn't."

Hoffa, asked about the net worth of the Teamsters and the union's various pension and welfare funds

WILL SEEK NEW CABINET POST

WASHINGTON (AP)—Abraham Ribicoff, secretary of health, education and welfare, wants all federal education activities consolidated in a new cabinet-level department.

"In my opinion education is power," said Ribicoff. "I think in this respect the Soviet Union has recognized this a lot better than we have."

Ribicoff, testifying recently before a House Appropriations subcommittee, said a minimum of 60,000 boys or girls in the upper third of their high school graduating classes don't get to college because they can't afford it. Another 60,000 students with good grades drop out of college every year because they don't have the money to continue, he added.

"I don't think we can afford it," he told the committee. "I for one think we can do a better job."

He told the subcommittee he would press for creation of a Department of Education, Science and Technology, headed by a secretary.

Ribicoff's department now supervises the Office of Education, which was criticized several years ago by Vice Adm. Hyman Rickover, who made a comparison of United States and Russian educational programs.

Accident surveys among farm people show that during the summer and early fall the accidental death rate is about 23 per cent higher than during the remainder of the year.

put the figure at \$1 billion. Hoffa has about two-month respite from the Florida court charges. Arguments have just been made by his lawyers to dismiss the indictment. They succeeded in obtaining dismissal of an earlier indictment in the same case.

\$25 MILLION IN GRANTS IN DPI PROGRAM

HARRISBURG (AP)—The State Department of Public Instruction has presented a preliminary outline for improved higher education in the future calling for some \$25 million in grants, scholarships and fellowships and a system of community colleges.

The 18-page education plan, outlined Tuesday by DPI superintendent Charles H. Boehm, also suggests creation of 24 distinguished professorships and annual state assistance for college and university libraries, museums and related facilities.

Boehm said the blueprint lists preliminary proposals for the development of guidelines for improved higher education in the Commonwealth.

EXPANDING ROLE
"In this report are the seeds for an expanding role for Pennsylvania in the promotion of higher education," said the preface to the master plan.

"In the 1970s and 1980s, our colleges and universities must do vastly better than today if Pennsylvania is to remain as one of the great industrial states," Boehm told a joint meeting of the Advisory Committee on Higher Education and the State Education Council's Committee on Higher Education.

OVERALL AIMS
He went on to say that the basic overall aims of the program are manifold, listing the following as most important.

—Raising the level of intellectual resources in the Commonwealth.

—Providing for an orderly expansion of educational opportunities so that all qualified youth in Pennsylvania, regardless of station in life, may secure a post-high school education.

—Reducing unnecessary duplication of education programs and facilities.

—Developing an ever higher level of competency in the professions and technical labor force of the Commonwealth.

—Developing a more enduring

culture in Pennsylvania.

10-YEAR GOALS

"Research facilities excellent enough for today are quickly outmoded," Boehm noted. "In the competition for the talent of the country for tomorrow, larger fiscal support will be required for facilities, equipment and personnel. Tuition will provide a smaller and smaller segment of the cost unless grants to students are available in large amounts."

In line with this theory, Boehm set forth these goals to be achieved within the next 10 years:

—25,000 competitive scholarships ranging from \$1,000 to \$100 with an average of \$600. One-hundred competitive scholarships would be available for one-half year of study abroad, preferably under the direction of a Pennsylvania institution.

—3,000 competitive scholarships for creativity with a value of \$600.

—4,000 competitive scholarships with a value of \$800 for students whose total family income is less than \$3,500.

—200 fellowships for college teachers for study abroad with a value of \$1,000.

—200 fellowships for college teachers for study with a value of \$500.

—200 grants for future college teachers with a value of \$3,000. If the recipients teach in a Pennsylvania college upon completion of their education, one-third of the grant is cancelled each year.

—25,000 grants to qualified high school graduates with an average

EXPECTS LONG VIET NAM WAR

HONOLULU (AP)—Secretary of Defense McNamara said Wednesday the war in Viet Nam was likely to last a long time.

But he declined to say whether the U.S. would commit combat troops into the Communist-threatened area if the situation worsens.

Interviewed at planeside as he arrived for the fourth in a series of monthly strategy conferences on the Southeast Asian nation, McNamara told newsmen the United States would continue sending military advisors and aid to South Viet Nam "as it is necessary."

The defense secretary and the eight Pentagon officials who accompanied him on his 10,000-mile flight from Washington headed into an all-day conference with diplomats and military leaders from the Viet Nam area.

After the meeting, McNamara was scheduled to fly to San Francisco for a Friday meeting with value of \$100 for attendance at institutions whose tuition is above \$700.

Also proposed was a state-insured student loan program and for grants totaling \$400,000 a year for educational television purposes.

President Kennedy. Kennedy is due to arrive in California Friday morning to deliver an address and receive an honorary degree at the University of California at Berkeley.

Smartness Leads To Subteens, World

In the midst of the furor for furberles and frills that is engulfing fashion this season, subteens cling to their newly-won subtlety and sophistication in styling.

While this age group has its

share of the ruffles and lace that is such news with the "older folks," the dainty effect is subdued here, with young girls insisting on the slimming and grown-up look of classic Chanel-type suits, costumes and separates, slender shirt-waists and sheaths.

Princess dresses, easy suits, carefree playclothes and coats

with high waistslines give subteens a spring '62 fashionable air. The 10 top dogs in the United States, according to American Kennel Club registrations, are poodle, beagle, chihuahua, dachshund, German shepherd, pekinese, cocker spaniel, collie, boxer and Boston terrier.

RECENT SLUMP IN BUILDING OF NEW HOMES TO BE REVERSED

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP)—Are you thinking of buying a home this spring? A lot of people would like to know. And an increasing number are afraid not enough of you are to make life glow for builders, appliance makers and dealers, home furnishers, the various utilities and the mortgage lenders.

A consumer intention survey by the University of Michigan's survey research center says fewer persons than in any of the last three years are planning to buy a home this year. But those who are have set their sights on a more expensive one than in the preceding years.

The government says that new housing construction in February fell 2 per cent below a year ago and on a seasonally adjusted basis was the lowest for any month since December 1960.

INTEREST RATES WEAKER

Mortgage bankers report that lack of demand is weakening interest rates in many sections of the nation. They also report the number of foreclosures rose to 72,000 in 1961, the highest since 1940. The rate, however, is less disturbing because there are more mortgages now than then. The 1961 rate is 3.3 foreclosures for each 1,000 mortgages.

Diehard optimists stress that

housing starts usually drop in late winter, and weather this year has been particularly nasty in many sections of the nation. They hope that spring will revive the home building industry on schedule. The Commerce Department still sticks, at least officially, to its forecast that private housing starts this year will reach 1.4 million units, up 100,000 from 1961.

The chairman of the Federal Home Loan Bank Board, Joseph P. McMurray, notes an offsetting factor to the slump in building of one family homes. He stresses the steady rise in the demand for apartments. He says:

NEW BOOM AHEAD

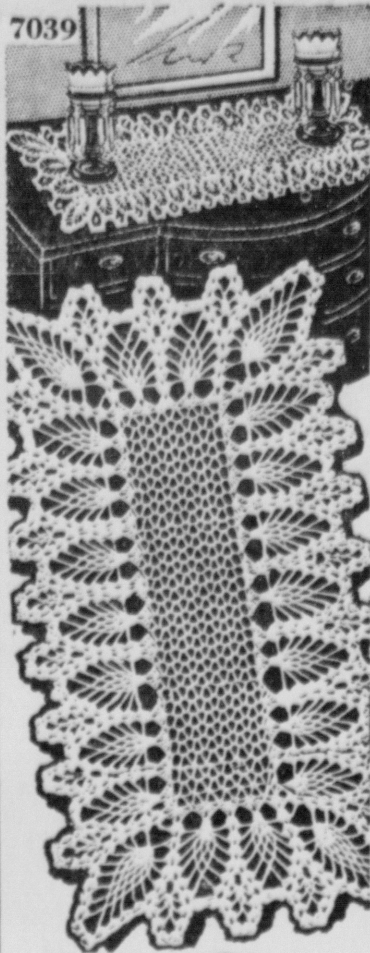

"As our population has aged, many people have surrendered the amenities of a single family dwelling suitable for a younger family for a new bundle of advantages available in apartment houses. Also, young couples prefer to get their start in an apartment unit. We anticipate that in a few years when marriage rates are again on the rise the demand for apartment units will be even greater."

The marriage rate cycle is one reason given for the slackening demand for houses. Those of an age to move from a growing family belong to the married baby boom of the troubled 1930s. The big war and postwar crops have yet to reach the home-buying age.

Part of the return to femininity is the little girl look in coats — displayed by eyelet embroidered collars and cuffs and other lingerie touches.

A more tailored turn in coat events shows the notched stand-away collar taking a fashion bow, usually hand-in-hand with set-in sleeves.

TV HEARINGS BRING MANY SUGGESTIONS

By CARROLL ARIMOND
CHICAGO (AP)—The ideal television programming, a string of witnesses at an FCC hearing indicate, might be 24 hours a day of Marcel Marceau, the French pantomimist.

He does not speak, so he could not possibly say Jap and offend the Japanese.

His face is too white to be mistaken for a real white man, a Negro, a Polynesian or a Chinese.

His costume, tights and a hat with a single flower, in no way resembles the \$250 custom-tailored suits and pearl gray fedoras worn by gangsters with Italian names.

A close examination of his performance discloses no symbolism that might be construed as for or against Christians, Jews, Moslems, atheists or agnostics.

EQUAL TIME
The little flower on the hat may have to go. The people promoting "say it with candy" may want equal time.

Since Monday witnesses have appeared in force before a Federal Communications Commission examiner in the U.S. Courthouse and told mostly what's wrong with locally produced Chicago television programs. A few had some nice things to say, but their time saying it was far from equal.

The television people will have their turn in April.

The proceeding, unprecedented in FCC annals, recalled a classic remark by the late Franklin P. Adams, newspaper columnist and radio panelist.

"You tell a joke about a man-eating shark," Adams said, "and the sharkskin suit manufacturers association wants your scalp."

OTHER POINTS

Some of the points raised by witnesses included:

A spokesman for Japanese-Americans protested vintage movies on the late, late shows.

Fur Collections Very Exciting

There's a new excitement in the fur collections for spring. There's a bright young spirit in the designing, and by the wide use of either the natural or newly-dyed furs, a whole new color palette results.

The furs for spring must of necessity be light in weight and supple, and many fall in this category. Some are old friends, making their appearance newly interpreted — Southwest African Persian lamb is now not only available in dyed black, taupe or brown. Dyers both here and abroad have achieved a duotone process on black, applying red, beige, green and blue for a completely new effect.

They are propaganda films left over from World War II and misrepresent his people, he said.

An Italo-American leader told of only limited success in getting television to disassociate his people and the underworld.

A Negro representative said all Chicago commercial stations had made time available to his organization but these were panel shows to which representatives from other fields had been invited and little, if anything, was accomplished in developing interest in racial understanding.

A Roman Catholic Church official declared time allotted to his faith for religious programs consisted of undesirable hours.

His Jewish counterpart testified that until recently no effort had been made to determine what material would interest the Jewish community.

Always the heart of our business

Why do most drugstores sell everything from breakfast to dance wax...? The answer is simple. It is a matter of economic necessity. Americans, thank goodness, are generally healthy and there are not enough prescriptions to keep all drugstores going. Thus, we sell a variety of merchandise. By so doing we are able to stay open and render assistance whenever and wherever it is needed. Prescription service, however, continues to be the heart of our business and we are always pleased to assist you when medication is needed.

Charges Dismissed Against Reporter

NEW CASTLE, Pa. (AP)—Disorderly conduct charges filed against reporter Phil Austin of the New Castle News for refusing to leave a city hall caucus room were dismissed Wednesday.

Alderman Charles A. Viggiano dismissed the charges filed two months ago.

Austin, who refused to leave on orders of Mayor Herman Steinbrik, was escorted from the caucus room by a policeman.

Shape is no longer the barest minimum. Some variations are little jackets that float, ripple or flutter. Some are shaped like a capelet with the sleeves worked in. Others are true flowing capes.

Capelet or flyaway back boleros are alternatives to demitied or collarless cardigan straight jackets.

BEARS CLINCH CUP PLAYOFF

By THE ASSOCIATED PRESS

The Hershey Bears have clinched a spot in the American Hockey League's Calder Cup playoffs while keeping the Quebec Aces from moving up in their bid to grab a berth.

The Bears wrapped up a post-season spot by beating the Aces 4-2 Wednesday night. The loss left Quebec in last place, two points behind Providence in their battle for the final playoff position in the Eastern Division.

In the only other game played, Eastern pacesetter Springfield whipped the Pittsburgh Hornets 7-5 as the teams concluded their season series with the Indians, sporting nine wins and a tie in 10 games with the last-place Hornets.

THREE QUICK GOALS

Trailing 2-1, the Bears won it within the space of three minutes during the second period as Ray Kinasevich scored the tying marker, Willie Marshall notched the winner and Les Duff tallied an insurance goal.

Duff later was injured by a flying puck, receiving a cut over an eye that required four stitches. Linesman Bob Anselm, also was hurt, getting hit with a puck in the second period and suffering what was diagnosed as a possible broken nose.

The Hornets gave the Indians a struggle before third period goals by Bob Kabel and Kent Douglas put it away for Springfield. The Hornets, trailing 5-2 midway through the period, came back to knot the score on goals by Dick Mattiussi, Norm Corcoran and Ray Brunel before Kabel broke it up.

FEMALE GRADS MAKING PLACE ON JOB MARKET

NEW YORK (AP) — This spring some 145,000 college girl graduates — practically the population of Tacoma, Wash. — will descend upon the nation's employers in search of jobs.

What will be their reception — opened arms or closed doors?

A recent survey of 30 college placement officials and 50 corporation personnel executives by the Wall Street Journal indicates the young women will have more jobs to choose from this year — but the positions won't necessarily be those dreamed of on campus.

This is the way it looks:

BEST BETS

New jobs opening in industry, particularly for girls training in mathematics and sciences.

Acceptance increasing above the clerical level in finance, particularly insurance and banking. Old standbys still strong: teaching, nursing, retailing, secretarial and library work.

ROUGHER GOING

Business management jobs practically inaccessible, not only because of downright prejudice against women as bosses, but because of a justified fear the girls won't stay long enough to make management training pay off.

Glamour fields — advertising, television, publishing, foundation work — have few openings for the liberal arts graduate without a specialty, except maybe as secretary (if she is proficient at typing and shorthand) to an executive.

Only women with scientific and technical training likely to get salaries on a par with men.

One estimate puts women's salary lag behind men's pay for equivalent positions at \$50-\$100 a month.

The survey points out that Labor Department studies indicate around 80 per cent of girl graduates want full-time work. More than a third marry not long after getting a diploma but a majority of these will work anyway.

While most companies aren't against cupid — or even motherhood — they don't see taking chances on a management level. One official, pointing out that the average college girl stays only three years, remarks:

INTERIM POSITION

"She regards her job as an interesting interim between school and raising a family. If we knew a man was going to be with us only three years, we wouldn't hire him."

A New York department store says retailing is one of the best bets for a girl looking for a job. And a university placement director says more girls are going into retailing every year.

Yet one retailing executive who recently cut the proportion of women employees in his store says: "We'll lose \$4,000 by putting a girl through a training program only to find that she insists on getting married and having a baby."

Most college placement officials agree perhaps the biggest demand for women is in engineering, mathematics and the physical sciences. Says a placement officer at the University of Michigan:

"Women have just as good a chance as men in any science field and can earn comparable salaries."

Several electronics firms say they're stepping up hiring of

3 Brothers Form Justice Triangle

DECATUR, Ala. (AP) — Three brothers — all lawyers — form a trinity of justice in this north Alabama city.

The eldest, Newton B. Powell, at 50 is a judge in the 8th Judicial Circuit of Alabama.

Next is 46-year-old Sherman B. Powell, who has stuck to a private law practice. He handles both civil and criminal cases.

Third is Miles T. Powell, 34, solicitor (prosecutor) for Morgan County.

Their father, J. N. Powell, was an attorney and often discussed law with his sons while they were growing up. All three attended the University of Alabama law school.

A state law provides that a solicitor may not have a partner who defends in the court in which the solicitor prosecutes. So the Powells maintain separate offices.

When two or all three of the brothers appear in court at the same time their conduct is extremely formal.

"We try to keep our relationship on such a level as to avoid criticism," says Judge Powell.

J. N. Powell Jr., 27, a fourth brother, is following tradition. He's winding up his studies at the University of Alabama law school. And he plans to practice in Decatur.

Another, which wants to, complains colleges don't have enough girls specializing in the fields it's interested in. Electronics firms frequently make wide use of its technically trained women in programming computers.

At least one big pharmaceutical house finds women better suited than men for some laboratory jobs — "more patient and painstaking."

As with the scientific and technical fields, finance is opening up for women. More women are going into market research and investments, and several Wall Street investment firms now have training programs for women college graduates. A San Francisco banker says: "Women are becoming more important in the banking industry than ever before. We don't have enough of them."

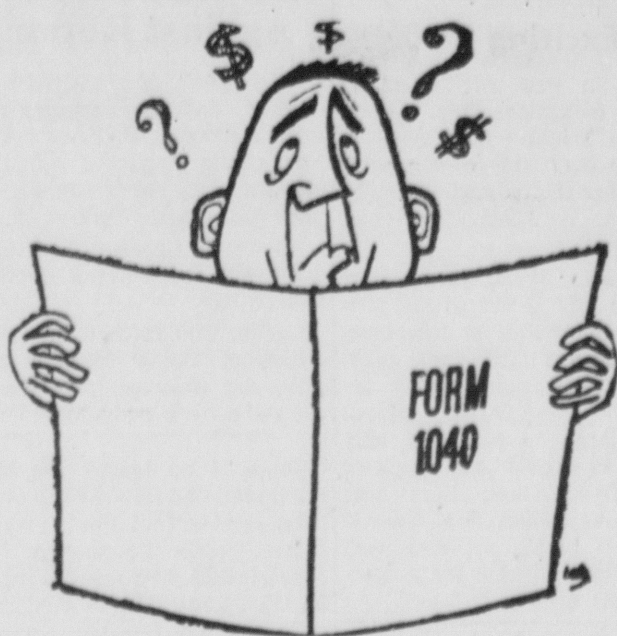

Insurance companies want women for training as actuaries (that's figuring out insurance rates on the basis of life expectancies), for electronic data processing jobs and for selling.

But some industries still feel women don't fit in at all, except, of course, for clerical work. Says the personnel director of a huge company producing steel, aluminum and cement: "We don't make any effort to recruit women, because the opportunities are mainly for men. Can you imagine a female chemical engineer in a cement plant?"
